# Council's Votes of 8-1 Override Three Vetoes on Sewer Project

## Home Builders Get Ready To Begin Work on Line

Marion City Council Monday night voted 8-1 to override vetoes by Mayor Wendell L. Strong of three pieces of sewer legislation necessary for proposed improvements and extension of southeast sanitary trunk sewers.

The veto on a fourth piece of legislation was allowed to stand but council adopted a new ordinance on the same issue by a 9-0 vote and Mayor Strong signed it today without hesitation.

Adopted over the mayor's vetoes were: an ordinance authorizing the safety-service director to sign a contract between the city and County Sewer District 1; a resolution of necessity for the extension of the Forest Lawn Dr. sewer south to the city limits, and an ordinance authorizing the safety-service director to advertise for bids and sign contracts for the extension.

With the exception of Lowell Doyle (R-3rd), all members of council voted to adopt these three key pieces of legislation.

The new piece of legislation adopted sets a tapping fee for properties along the proposed Forest Lawn Dr. extension at $6 a front foot rather than the originally-proposed $4.25 a front foot. The fee is in lieu of an assessment against the properties.

With the overriding of his vetoes last night, Mayor Strong's opposition to the project appeared to have faded today.

He said he feels that the improvement project now will proceed as fast as legally possible.

**Contract To Be Signed**

The contract between the city and District 1 will be signed as soon as it is presented to the safety-service director in its legal form by City Solicitor Riley Hall, the mayor said. He said it probably will be signed before the end of this week.

Based on this, two of the developers planning to install trunk sewers outside the city in District 1 said today they will complete all the many details relating to their project as soon as possible and that they hope to begin construction of the sewers within a week or 10 days. They were A. J. Buday and Gale D. Ireland. Mr. Buday said also that he wished to express his appreciation for the action taken by council last night.

The proposed trunk sewers in District 1 will serve the Zachman-Vernon Acres, the Royal Oak subdivision, the Marion Plaza Shopping Center and the Marion County Home. They also will make possible sewer extensions to future adjacent developments in the southeast suburban area.

**Not a Giveaway**

Following the vote to override his vetoes, Mayor Strong declared he felt the city would be "giving away" another $40,000 for the benefit of the county area. He said that the city presently is getting a return of only about .009 of one per cent on its investment in the Indiana Ave., Forest Lawn Blvd. and Forest Lawn Dr. sewer installations. He added that the immediately proposed taps onto the system from the suburban area will increase the return to only .31 of one per cent.

## City Council Faces 'Work Right' Issue

### Requested by Union To Blast Proposal for Banning Union Shop

A resolution expressing opposition to the proposed "right to work" amendment to the Ohio constitution will be considered by Marion City Council at its July 14 meeting.

Preparation of the legislation was ordered by council in a 6-3 vote at its meeting Monday night in City Hall.

The motion for the legislation was made by Harold Smith (D-at large) on the basis of a resolution adopted by the Marion County AFL-CIO Council urging city council to oppose the "right to work" proposal.

In its resolution adopted June 13, the labor union council said the amendment is intended to "destroy labor unions" and that name "right to work" is "highly deceptive."

The labor resolution also said that the U.S. secretary of labor has described "so-called right to work proposals" as "undermining the basic strength of the labor organizations."

It said further that the proposed

## Weather To Stay Same Wednesday

A trace of rain was measured Monday, as continued unseasonal weather prevailed in Marion County. And, the weatherman predicted the "chance" of showers both tonight and Wednesday.

The mercury hit a high of 74 Monday, fell to a low of 53 overnight and was back to 72 at noon today, with 76 the day's anticipated high.

Little change in temperature is expected through Wednesday, with tonight's forecasted low of 54 to be followed by a peak reading of perhaps 73 Wednesday.

### Rises to $134,118

## *Community Chest Budget Approved*

A Community Foundation budget of $134,118 was approved for support of 11 health and welfare agencies Monday night during a lengthy meeting of the foundations board of trustees at United Appeals headquarters on S. Main St.

The figure, the highest in history, represents an increase of $8,076 or 6.4 per cent over last year's foundation budget of $126,042.

—:—

**MAJOR REASONS** for the increase were the addition of one new agency to the foundation—the Marion County Mental Health Clinic Association— and acceptance of the Marion Union Rescue Mission as a full member of the organization. The mission had been accepted on a one-year probation basis last year and its work was only partly financed by the foundation.

Dr. Philip W. Smith, foundation president, pointed out this morning that budget increases for other agencies rose only $3,067 or two and one-half per cent. This increase he attributed mostly to slight salary increases for personnel. Two agency budgets showed decreases.

—:—

**THE NEW** foundation budget will be incorporated with the United Appeals budget to ascertain the United Appeals goal for the October campaign when the appeals board meets next Monday night to approve the budget for its agencies.

Agencies included under United Appeals are the Community Foundation, American Red Cross and the American Cancer Society.

Dr. Smith explained that the foundation budget was approved Monday night only after careful consideration of each agency's needs. Thousands of dollars requested for valuable but not essential services were eliminated in the final budgetary analysis, he added.

The approved budgets and comparisons with last year's figures are: Salvation Army, $19,936, (up $1,381); Fresh Air Fund, $3,000, (no change); Emergency Welfare Fund, $1,600, (no change); YMCA, $42,549, (up $1,402); Family Service Society, $19,483, (no change); Boy Scouts, $21,500, (up $1,900; Girl Scouts, $14,453,

## Toll Tops 100 In Brazil Blast

### Stores of Fireworks Explode; 340 Hurt

SALVADOR, Brazil (AP) —Two stores of fireworks for religious celebrations exploded Monday, killing more than 100 persons and injuring some 340 others.

The government of Habia state took steps to ban all fireworks. They are traditionally set off on the June festival days of Saints John, Anthony and Peter.

The highest reported toll was at Santo Amaro, near Salvador. An electric power line broke and fell across a fireworks booth at a fairgrounds. The resulting fire touched off an explosion that killed about 100 persons and injured 300.

The second fireworks explosion, reportedly killing seven and injuring 40, occurred at Feira de Santana, northwest of Salvador.

### Demonstration Unlikely

## *Soviets Increase Guard At Canadians' Embassy*

MOSCOW (AP) — The Soviet government stationed two additional militiamen in front of the Canadian Embassy today but it appeared unlikely so far that a demonstration was in the offing in retaliation for the attack on the Soviet Embassy in Ottawa.

Nor was there any indication that the U.S. Embassy would be the target of a Soviet crowd, as the West German Embassy was Monday and the Danish Embassy was Friday.

Demonstrators have attacked Soviet embassies in Copenhagen, Bonn, Ottawa and New York with stones and ink in protest against the execution of Imre Nagy and three other leaders of the 1956 Hungarian revolution.

**Only Two Reported**

Only the Copenhagen and Bonn incidents have been reported by the Soviet press and radio, however. It was unlikely that any spontaneous demonstration against the Canadian and American establishments would be ordered without first setting the stage by publicizing the cause for retaliation.

The extra guards brought the total outside the Canadian Embassy to four. Their presence aroused some suspicion, since similar extra guards had arrived at the Danish and West German buildings a few hours in advance of the demonstrators.

The Canadians said they had not asked for the extra protection. The West German Embassy had, but the four guards there had little effect on the crowd of 1,500 which hurled sticks, stones and ink at the building for two hours. Police reinforcements finally dispersed the demonstrators after they broke all windows in the building.

**Delivers Protest**

West German Ambassador Hans Kroll said he delivered the "strongest possible protest" to Soviet Deputy Foreign Minister A. V. Zakharov. He asked an apology, damages and a guarantee that the attack would not be repeated.

The West German government had expressed its regrets promptly at the attack on the Soviet Embassy in Bonn and promised to repair the damage.

The continuing wave of recriminations in the wake of the Hungarian executions brought a strong protest from the Yugoslav government to Hungary and a charge by Pravda that the United States and Britain were whipping up an "hysterical hullabaloo" to

## SEC's Head Questioned On Goldfine

### Industrialist Friend Of Adams Given No Favors, Gadsby Says

WASHINGTON (AP) — Securities and Exchange Commission Chairman Edward N. Gadsby hotly denied today that the SEC favored Bernard Goldfine, Sherman Adams' Boston industrialist friend, after getting a White House call in 1956.

"To put it bluntly," Gadsby told House investigators, "the commission could hardly have done more if Mr. Adams were Mr. Goldfine's worst enemy. . .

"I had thought that the era of trial by innuendo and inference had been disowned sometime ago. I dislike to see any members or persons connected with the Congress. . . participate in a baseless attack reflecting on this agency's probity."

**New Phase of Inquiry**

Gadsby's testimony prepared for the House subcommittee checking Goldfine's relations with federal regulatory agencies marked the opening of another phase of the inquiry, this time dealing with the SEC.

Previously the group had inquired into Federal Trade Commission affairs involving Goldfine.

Subcommittee Chairman Oren Harris (D-Ark) has accused both the SEC and the FTC of giving preferred treatment to Goldfine.

The investigators have developed testimony that Adams got expensive favors from Goldfine. Adams has said, however, that he accepted gifts innocently from an old friend. He has said he sought no preferred treatment when he contacted the two federal agencies about Goldfine cases.

**Involved Complaint**

The SEC case involved a complaint against a Goldfine holding company, the East Boston Co., for not filing required financial reports from 1948 to 1955.

The case was finally settled in April 1956 when SEC agreed to a $2,000 fine from East Boston plus compliance with reporting requirements—not as stiff a penalty as had been proposed in earlier phases of the drawn-out court case.

In February, two months earlier SEC got a White House call about the case which was prompted by Adams.

Gadsby testified that the information given the White House — and also to Sens. Frederick G. Payne (R-Maine) and Norris Cotton (R-NH) at a conference a few days earlier—was only what is routinely provided in such cases.

**No Shred of Evidence**

"I find no shred of evidence to suggest preferential treatment of Mr. Goldfine or East Boston Co. either before or after the White House inquiry on the case," he said.

"No one would have been more indignant than I, were I to have detected in the record any trace of favoritism or impropriety, let alone illegality or venality."

The facts in the record, the SEC chairman said, are that SEC waged firm and aggressive action against Goldfine's East Boston Co. and sought a stiffer penalty than it was able to win from the federal court.

In the whole history of the SEC, he said, the East Boston case is the only one where the commission went so far as to seek a contempt of court order to compel the Boston firm to file the finan-

## Senate Okays Exchanges of Atom Secrets

### Amendments Added; Measure on Way to House for Final Vote

WASHINGTON (AP) — The Senate, adding two restrictions of its own, has passed a bill to permit greater sharing of U.S. military atomic secrets with Allied nations.

The measure now goes to conference with the House, which rejected any amendments in passing the same measure overwhelmingly last week.

The two changes were proposed by Sen. Clinton P. Anderson (D-NM). One would permit the President to transfer non-nuclear parts of atomic weapons only to Great Britain. The original bill would have authorized them to be sent to any friendly nation.

The other struck out a catch-all section allowing the President to give allies data on "other mili-

## 3rd Child Escapes, Has Neighbors Give Alarm

BUCYRUS — A 7-week-old infant and his 6-year-old brother were killed and their parents were seriously injured in a fire which swept their rural home southeast of here early this morning.

Killed were David John Seibert, 7 weeks, and his brother, Ronald Earl Seibert, 6. Their father, Harold, 33, and their mother, Evelyn M. Seibert, 31, are both in serious condition at Bucyrus Community Hospital with burns they received. Hospital officials said the pair still was in the emergency treatment room and no report had been made on the extent of their burns at press time.

Crawford County sheriff's deputies said the Whetstone Fire Department was summoned to the house at 5 o'clock this morning. When firemen arrived the interior of the house was completely ablaze and Mr. Seibert was on the outside trying to get back into the dwelling to save his children.

The alarm was sounded by a third Seibert child, Larry, about

## Federal Jury Acquits Hoffa, 2 Companions

### Teamsters Officials Freed of Wiretapping Charge After 7 Hours

NEW YORK (AP) — Teamsters President James R. Hoffa and two codefendants were acquitted Monday night of charges that they conspired to wiretap the union's Detroit headquarters.

A federal jury of eight men and four women deliberated seven hours before returning the verdict.

The defendants with Hoffa were Owen B. Brennan, president of Detroit Teamsters Local 337, and Bernard Spindel, a professional wiretapper.

Conviction could have brought a maximum sentence of five years in prison and a $10,000 fine.

A previous trial ended in a hung jury.

The government contended the trio illegally conspired here to install wiretaps in the Detroit headquarters in 1953 so Hoffa could eavesdrop on union subordinates.

Hoffa allegedly wanted to know what the subordinates might tell to U.S. Senate investigators or a grand jury in Detroit during investigations of the Teamsters Union.

The defense denied installing any wiretaps but conceded installing other eavesdropping equipment in the union's offices.

During the trial, government witnesses testified that Hoffa was in Detroit July 9, 1953, where the operation of the wiretaps allegedly was explained to him.

The defense offered evidence that Hoffa was in Seattle that day in connection with a union conference.

Hoffa is still under indictment here on five counts of perjury, growing out of testimony he gave to the grand jury that indicted him on wiretap charges.

## Heads New Agency

WASHINGTON (AP) — President Eisenhower today picked Leo A. Hoegh, now Civil Defense administrator, to head the new office of Defense and Civilian Mobilization.

### Manhunt Organized

## *Sunbury Area Searched For Suspect in Burglary*

DELAWARE — Sheriff's deputies and state highway patrolmen from Delaware and surrounding counties scoured an area north of Sunbury today in search of a Columbus man wanted for questioning on a number of safe burglaries in central Ohio.

The man, identified by Delaware County Sheriff Harley Wornstaff as Paul R. Hysell, about 38, fled from a car parked along Rt. 3, about four miles north of Sunbury Monday night at 10 p.m. when an officer sought to arrest him. He was believed armed.

Deputy Orville Tossey attempted to take the man into custody while he was sitting in a car along the highway. A preliminary investigation revealed the suspect had no driver's license and that burglary tools were in the auto, the sheriff reported.

The man did not appear to resist arrest at first, but fled as the deputy was taking him into custody. Patrolmen of the Delaware post said Hysell ran across an open field and was lost in the darkness.

Officers said Hysell, an ex-convict, is wanted in Pickaway, Franklin and Knox counties for questioning in connection with burglaries.

His two brothers, James, about 25 and Thomas, about 32, were arrested at their Columbus home Monday on suspicion of burglary in Pickaway County, sheriff's deputies said. The two were taken to Pickaway County jail at Circleville.

Meanwhile, Columbus police continued their watch at the Hysell home in Columbus, lying in

### Denies Aid to Rebels

## *Nasser Turns Deaf Ear To Dag's Plea for Peace*

BEIRUT (AP)—U. N. Secretary General Dag Hammarskjold returned to Beirut today after two days of trying to persuade President Nasser to help bring peace to Lebanon.

There was no indication that Hammarskjold had won any agreement from the President of the United Arab Republic to use his influence with the Lebanese rebels seeking to replace the pro-Western government of President Camille Chamoun with a regime more sympathetic to Nasser.

**Declares No Aid Given**

U. A. R. officials said Nasser had reiterated to Hammarskjold his insistence that the Lebanese rebels are getting no aid from his forces and that the Lebanese rebellion is entirely an internal crisis.

Hammarskjold on his return met first with the three heads of the U. N. observers group seeking to check on any infiltration of aid to the rebels from the U. A. R.

Later today he was to see Premier Sami Solh and President Chamoun.

**Returning to New York**

The U. N. official is scheduled to return to New York Wednesday.

Hammarskjold returned as the Lebanese capital buzzed with reports of an imminent rebel showdown.

When he leaves, Lebanon will be braced for some kind of big blowoff by rebels who have been holding their fire during his visit.

Hammarskjold was expected to outline his plan after his return to New York.

# Report Warns Big Gains Due In Enrollments

COLUMBUS, Ohio (AP)—When many of the youngsters entering first grade this fall go to college in 1970, enrollment in Ohio's colleges and universities will swell to at least 250,000.

That's the prediction of the Ohio Commission on Education Beyond the High School. If it comes true, it means a gain of almost 100,000 students in the next 12 years.

The figures are part of the commission's complete report — the summing-up of periodic reports during recent months—issued Monday.

Included is a count made last October showing 154,618 students enrolled in the 41 privately financed and church-connected colleges, six state and three municipal universities in the state. Of the 154,618 about 62 per cent—96,133—were recorded as full - time students.

In its report, the Commission tells what it thinks ought to be done to get ready for the surge of college enrollees, and suggests a temporary nine-member commission—serving until 1961, without salary—to press for its goals. These include:

Tougher college entrance requirements, higher teacher salaries, more branch colleges and establishment of two-year colleges and technical institutes, more state aid to municipal universities and development of a statewide educational television network.

"The three-quarters of a million youngsters born in the past three years in Ohio should convince us that providing adequate educational facilities for these children when they attain college age is a task that must be started now," the report declared.

Pointing to a U. S. Census Bureau prediction of 12¼ million persons in Ohio in 1970, compared with the present 9 million, the report calls for training 450 physicians a year. About 320 a year are presently being graduated. The commission suggests a new medical school through a 40 million dollar capital investment and 12 million dollar annual budget.

Gov. C. William O'Neill created the 12-member commission early in 1957. Dr. John C. Baker, president of Ohio University in Athens, is chairman.

What To Teach Teachers

# U.S. Educators Tackle Thorny Issue

By G. K. HODENFIELD
Associated Press Education Reporter

BOWLING GREEN, Ohio (AP)—Do prospective teachers spend too much time learning HOW to teach, and not enough learning about WHAT they're going to teach?

The question of what to teach the teacher has become one of the thorniest problems in American education. It's going to get a long, hard look-see from some 1,000 educators and education officials who gathered here today for the opening of a five-day convention on teacher education and probational standards.

—:—

A REPORT issued earlier this week by the Rockefeller Brothers Fund put the problem this way:

"In some states, the requirements for (teacher) certification are so technical and trivial as to make it unlikely that individuals with a first class liberal education would even apply—or be eligible if they did apply."

Delegates here are attending from all 48 states, Alaska, Hawaii, Puerto Rico and the District of Columbia. The nine sponsoring agencies hope some sort of agreement on teacher training and certification can be reached and put into effect nationwide.

The problem isn't strictly an American one—the Russians have been struggling with it, too.

Dr. John B. Whitelaw of the U. S. Office of Education, who recently returned from a four-week tour of Russia, said the Soviets are trying to standardize teacher education and at the same time bring it up to a college or university degree level.

—:—

HE ADDED in an interview Monday night that the Russians seem to be putting more emphasis on solid subject matter content and relatively less on pedagogy as such.

Teachers in Russia enjoy a much higher status than do their counterparts in this country, Whitelaw declared. He said they are well-paid, carry a teaching load of only three hours a day, have no clerical or bookkeeping work, have classroom assistants for their science classes, are not overloaded with extra-curricular work and are respected as important persons in the community. Although Russian schools have classes six days a week, each teacher has two days off during the week.

"If teachers were given the same status in this country as they are in Russia, we would have no teacher shortage," Whitelaw said. "And with no teacher shortage we wouldn't have near the educational problems we face today."

West Virginia's football team was unbeaten in 1922. The Mountaineers finished the season that year by beating Gonzaga by 21-13 on Christmas Day.

Strike by September if No Pact

# July 15 To Be Key Date In Auto Contract Talks

By VICTOR RIESEL

NEW YORK

Walter Reuther, a refugee from a barbershop, flew into the Big Town the other day with sure-fire evidence that he had worked out his strategy in almost round-the-clock skull sessions. Then Reuther smashed precedent. He relaxed. He went to the theatre.

VICTOR RIESEL

Also, for the first time, he warned bluntly that the auto industry would not get its 1959 marvel models off the assembly lines without signing an Auto Union contract granting some basic concessions.

This was strike talk, blunt and hard, in an hour and five minute speech, which had less long hair in it this time than there was curling down over his neck. Rarely has Reuther reminisced in public about his own years as a worker in the auto plants as he did last Tuesday at the AFL-CIO Industrial Union Dept. here.

He said he knew his followers. He charged that the Big Three companies had "miscalculated" the reaction of the auto workers during the recession. As evidence, Reuther reported on the collection of dues by UAW.

-:-

**FOR THE FIRST** time in years, the dues are not being automatically taken out of the weekly pay of the auto workers by the companies' accounting offices and relayed to the union.

Reuther asserted that industry officials had warned him that the union would be left "high and dry" when this checkoff of dues was stopped.

Reuther reported here that within a few days the "old-fashioned method" of dues collection will cover some 96 per cent of his union's members at GM, Ford and Chrysler, though there no longer is a union contract.

A survey revealed that the dues were flowing in mostly at bridge tables set up outside plant gates. At each table are men and women bonded at $100 each. When they have $100 collected they turn their places over to others and deliver the dues money to a central cashier.

The cashier is under orders not to keep more than $500 in his or her possession. When that figure is reached, the money is rushed to the bank. Thus tabs are kept on 1½ million dollars in monthly dues and millions more for the strike fund.

Never at a loss for a gimmick, one Auto Union local in Grand Rapids has a drive-in dues payment set-up.

-:-

**PRETTY GIRLS** in shorts, all union members, wait in the drive alongside Reuther Hall, the union headquarters. An auto worker drives up, the car hop takes his money, gives him a receipt and the treasury grows a little.

In Chicago, the workers at the Ford plant have voted to pay their dues for three months in advance in a lump sum which, Reuther reports, will carry them past the point when the new models would ordinarily be released. The other Sunday, the engineers at the Briggs Local voted to pay a year's dues in advance.

These payments include the assessment for the special strike fund — which now is well over 34 million dollars.

This fund gives the Auto Union the liquid assets it needs at this moment of crisis, says UAW Secretary-Treasurer Emil Mazey. Some interpret this as meaning there will be no strike because a walkout would cost the Auto Union far more than this strike fund has amassed.

-:-

**WHICHEVER WAY** it goes, the UAW now is solvent. It has decided not to borrow from the banks at 4½ per cent interest. Instead it has been borrowing from its own strike fund — at no interest.

By borrowing from itself, the union is saving money — but it is cutting into its emergency millions as well. The implication then is that this money might not be needed soon — for a strike.

But someone pointed out that the union is now in the midst of running strike votes among the Big Three auto company workers.

Why now? Because the national leadership wants to have the strike weapon ready if there is no contract within a few weeks. July 15 is the probably date for the companies to start tooling up for the new models. By September the new models will be ready to roll off the lines.

The impression is that if peace doesn't come by July 15 — auto war will flare by September.

SHAH SEES SAN FRANCISCO. The Shah of Iran arrived in San Francisco Sunday from Honolulu and went on the town Sunday night to recapture the glow and glitter of better days. The 39-year-old Shah and a party of five, including his date—PAA stewardess Ellen Forseth of San Francisco—went night clubbing. Ellen was stewardess on the plane that brought him from Honolulu and is shown shaking the Shah's hand as he left the airport for San Francisco. (UPI Telephoto)

## Lima Escapee Is Recaptured In Fort Wayne

LIMA, Ohio (AP)—Earl Ratliff, alias John Sprouse, of Columbus, was to be returned to city jail here today, less than 24 hours after he escaped by squeezing through a washroom window.

He was captured in Fort Wayne, Ind., Monday night after wrecking a stolen car. Deputy Sheriff Robert E. Shaw said he chased the 24-year-old Ratliff after a farmer called the Allen County (Ind.) Sheriff's Office to say a man was seeking medical aid. When he arrived, Shaw said, Ratliff fled in a car.

When Ratliff's car smashed into the rear of another car in northwest Fort Wayne, the deputy said, Ratliff jumped out and ran off—but collapsed.

He was seeking first aid for injuries to both heels suffered Monday when he dropped from the second story jail window to the roof of a lower building and then to an alley below to escape. He had been in the washroom to clean fingerprint ink off his hands.

Ratliff received only minor injuries in the car crash, the deputy said. He waived extradition and Lima police were dispatched to pick him up. He was originally picked up in Lima at the request of the Columbus Police Department for investigation of auto theft.

## Buckeye Girls Staters Vie for Elective Posts

COLUMBUS, Ohio (AP) — The ballot box gets a real workout at Capital University today. More than 800 high school girls, on the campus as citizens of the mythical 49th—Buckeye Girls State, are holding both a primary and regular election.

The primary will settle who the Nationalist and Federalist party candidates will be for governor, Lieutenant governor, secretary of state, treasurer, auditor and attorney general.

Together with candidates for the State Board of Education—no primary is needed for them—the top vote-getters will compete later today in the final election.

County offices and judgeships also are at stake.

It's all part of the American Legion Auxiliary's program to show the girls how government in Ohio—from the grass roots on up—works. By doing it themselves, the teen-agers are expected to see how the machinery of state government and politics operates.

Eighty-five of Ohio's 88 counties are represented at the annual program.

Primary nominees for governor are:

Susan Ruby, Toledo; Kathleen Johnston, Springfield; Patricia Hein, Cincinnati; Ann Cooke, Willoughby; Rosemary Brembeck, Columbus; Bonnie Bauer, Parma Heights; Sandra Gordon, Canton; Georgia and Fletcher, Akron.

Other nominees include:

For lieutenant governor:

Mary Pat Smagola, Lakewood; Nancy Anderson, Cuyahoga Falls.

For secretary of state:

Nancy Fairchild, Oberlin; Mary Ann Ramser, Shadyside; Freda Fisher, Canton; Edith Macswords, Zanesville; Linda Goist, Girard; Susan Hoch, Bellevue; Judith Kraus, Huron; Karen Sheppard, Philo.

For state treasurer:

Elizabeth Whitt, Germantown; Judy English, Lima; Dorothy Holecko, Newton Falls.

For state auditor:

Mary Ann Lusk, Gallipolis; Nancy McKinstry, Lancaster; Sally Thompson, Dresden; Judy Jewell, Newton Falls.

For attorney general:

Myra Newman, Shaker Heights; Beverly Hill, Paulding; Jennie Lewis, Huntsville; Jo-Anne Jenkins, Madison; Pricilla Reed, Uhrichsville; Judy Roush, Beverly; Lucille Mitrovich, Masury.

## Governor Names 4 to State Boards

COLUMBUS, Ohio (AP) — William Hoyne of Dayton today received appointment to the state Natural Resources Commission for a term ending on the first Monday in January, 1965. He succeeds John A. Slipher of Columbus.

Gov. C. William O'Neill announced three other appointments to state boards. All four appointments are subject to Senate confirmation in the special session starting Wednesday.

They are: George F. Schatz of Cincinnati to the state Board of Architect Examiners to succeed Alfred A. Hahn of Toledo for a term ending Oct. 2, 1963.

Wallace O. Rowland of Akron to the state Board of Pharmacy to succeed Otis J. Miller of Sandusky for a term ending March 31, 1963.

Richard A. Nye of Akron to the state Board of Real Estate Examiners for another term ending June 30, 1961.

## Homer Jack Dean Gets Retrial After 11 Years

COLUMBUS, Ohio (AP)—Homer Jack Dean, convicted 11 years ago for the first-degree murder of a suburban real estate man, has been granted a new trial.

Franklin County Common Pleas judges, sitting as a group, Monday set the retrial for Sept. 8.

Dean drew a life sentence after a jury found him guilty in 1947 of the fatal shooting of Elmo Rice, a real estate dealer in Clintonville.

"I can help you save gasoline and get back 20 to 30 horsepower stolen by Spark Plug Miss"

TCP adds Anti-Miss to anti-knock

"I'M NOT JUST TALKING off the top of my cap when I tell you that spark plug 'miss' is today's greatest cause of power loss, a threat to 30 million cars. And I have the remedy for spark plug 'miss' in the white pump."

It's Super Shell with TCP*. It adds anti-miss to anti-knock, which means you get across-the-board protection.

You get protection against knock from Super Shell's higher octane.

And TCP additive stops spark plug misfiring caused by harmful combustion deposits. TCP neutralizes them, restores up to 30 lost horsepower!

You'll save gasoline, too—because the extra combustion energy of the aromatics in Super Shell converts to extra mileage. See your Shell Dealer.

# Recession Hits Bottom, Says Mitchell Aide

ANN ARBOR, Mich. (AP) — Asst. Secretary of Labor Newell Brown said today the recession has "definitely hit bottom" but that it will take the nation a year to recover from its effects.

"By this time next year, the country will be back to the 1957 economic level," he said in an interview. He is here for the University of Michigan's 11th annual Conference on Aging.

As indices of the pullout, he cited a leveling off in unemployment, an increase in home building, a jump in freight shipments and a rise in service jobs.

## 59 Youths Examined

# *Cleveland's City Council Votes Against 'Right-to-Work' Plan*

CLEVELAND (AP)—After listening to both sides at a committee hearing, City Council's 33 members joined Monday night in passing a resolution strongly opposing the proposed so-called right- to -work amendment to the state Constitution.

Attorney Howard M. Metzenbaum, selected by the AFL-CIO to present its case, termed the suggested amendment "an infringement and interference in the right of contract between employers and unions representing their workers." he added:

"This is nothing more or less than an attempt by company ownership and management to lower the standard of living of Ohio workers."

The proposal would outlaw all labor contracts requiring union membership as a condition of employment, thereby prohibiting union shop clauses.

Three men spoke out in support of the proposal. They were Max D. Gustin, president of Smaller Business of America, Inc., William J. Franz, secretary of that organization, and Wayne T. Geissinger, special assistant for Ohioans for Right to Work, Inc., Columbus.

They faced a hostile audience which jammed the chamber.

Geissinger, who urged a substitute resolution be adopted by council, said the committee sponsoring the amendment is having a "hard way to go" in getting the needed 354,200 signatures to put the issue on the November ballot.

Either the situation has drastically changed or Geissinger's statement is apparently in conflict with one made June 11 by Frank Egner of Findlay, chairman of Ohioans for Right to Work.

Egner said then: "We are nearing the halfway mark on the 354,200 signatures needed. For the first time, our progress—in the past 10 days has put me in a position to predict with confidence that we will have the needed signatures by Aug. 1" (four days before the filing deadline.)

The resolution passed by council is described as:

"An emergency resolution expressing the concern of council at the attempt to mislead the citizens of Ohio so as to discourage collective bargaining as an effective means of avoiding strife between employers and employes, declaring the designation of said proposal as a 'right-to-work' or 'freedom of choice' proposal to be deceptive and opposing the adoption of such a proposal if submitted to the voters."

# Moonshining Cut by Checks On Sugar Sale

WASHINGTON (AP)—Kentucky moonshiners have been finding life a little tougher lately. Internal Revenue agents have discovered a new way to prevent their operations.

An Internal Revenue Service (IRS) official said today the technique is to have wholesale sugar dealers report periodically on sales of sugar to bootleggers in Kentucky and other states where illegal corn liquor is made.

"It's an old law," he said, "but we just started enforcing it about a year ago.

"By checking sales of sugar we have been able to prevent a lot of this liquor from being made.

"Now the moonshiners have to scamper around and buy sugar in small quantities at grocery stores. That's what we want—to make it more costly for them to operate.

"We're making some strikes in Kentucky. I think we'll make even more arrests in the coming year."

The official said 347 stills were seized and 690 moonshiners arrested in Kentucky in the year ending June 30, 1957.

In the previous year, when IRS was not getting the sugar reports, 507 stills were confiscated in Kentucky and 736 bootleggers were arrested.

The figures are interpreted by IRS to mean that the closer checks on sugar sales are reducing production of illegal liquor.

The whisky situation in Kentucky is considered paradoxical at IRS. The state is close to the top both in supplying tax revenues on legal spirits through its big legal whisky industry and in avoiding taxes through moonshine.

What makes it difficult to stamp out moonshiners, IRS has found, is not only that moonshine is a lot cheaper but that a lot of people prefer it to legal whisky.

COLUMBUS, Ohio (AP)—Volunteer skin divers and sheriff's men are searching for Kelsey Deering, 30, of Columbus, who apparently drowned in the Scioto River Monday. His two brothers, with whom he was bait-hunting, said he was swept off an underwater ledge by the current.

# Carey Turns Down Land Offer, Makes Job for Congress

CAREY—The village of Cary has turned down a government offer of a 14,000 square-foot tract of land and the action has required Congress to go through the procedure of passing a new law.

The government two years ago offered to sell the land to Carey when it dropped plans for a new post office on the site. At the time the village council indicated it wanted to buy the tract and Congress passed the necessary legislation authorizing the sale.

Recently when the government told council it would cost $11,000 for the land, council changed its mind and said the village didn't want the area. Now Congress is taking up a bill to offer the land to another buyer.

The land is directly across from the village building at the corner of N. Vance and W. North streets. Council did not indicate it had any special purpose for the tract when it originally voted to buy the land.

## Crestliners Get New X-Ray Time

CRESTLINE — A breakdown in the mechanism of the chest x-ray mobile unit which was in Crestline June 13 has resulted in changes in plans for x-raying area residents.

Another x-ray unit will be brought here from Columbus and will be located at the Fire Department in the City Building Thursday from noon to 6 p.m.

The machine will be in peration inside the building, not in the familiar bus which normally transports the machine from town to town.

During the one hour the unit was in operation here June 13 before the breakdown, 105 persons were x-rayed.

## NATO Talk Canceled By Turk, Greek Clash

ATHENS, Greece (AP) — A NATO staff conference here was called off at the last minute today when four Turkish army officers arrived to attend. Strained relations between Greece and Turkey over Cyprus was the cause.

The conference had been planned since March and was to deal with sea transport problems.

In Cyprus Gov. Sir Hugh Foot took off for London in a jet bomber to report on the reaction of the island's inhabitants to British plan for continued rule for the next seven years with the cooperation of the Turkish and Greek governments.

His takeoff was a surprise. While he was on a tour a 41-year-old Greek Cypriot was fatally shot in Limassol.

## Bucyrus Prepared For July 4 Events

BUCYRUS — A contract for an $850 fireworks display at Aumiller Park here as part of the annual municipal Fourth of July celebration has been signed by the Inter-Club Council Committee and the Columbus Fireworks Display Co.

The display will include 15 large ground pieces, 125 aerial displays and 100 shells in the grand finale.

The fireworks display will start at 9 p.m. and will be preceded by baseball games, according to Robert Irvin, chairman of the Inter-Club Council Committee, sponsors of the display.

Money for the fireworks has been collected by the service clubs from local merchants and industries. A balance of $200 remains in the fund from last year's display, making it unnecessary for a request to be made for a donation from city council, Mr. Irvin reported.

Solicitation of funds was made by Mrs. John R. Stuckert, representing the Business and Professional Women's Club; Horace Aubery, Junior Chamber of Commerce; Jack Eickholt, Kiwanis; Lloyd Parsel, Lions, Harry Schiefer, Rotary, and Loren Smith, Y's Men's.

In case of rain, the display will be held on Saturday night, July 5.

## Council Provides for Progress

Marion City Council made a significant contribution to the health and wealth of the community Monday night by overriding vetoes on legislation providing for sewer expansion in suburban areas.

The legislation, approved by votes of 8-1, authorizes the safety-service director to sign a contract with Sewer District 1 for treatment of sewage from the district, declares the extension of the Forest Lawn Dr. sewer a necessity and authorizes the director to advertise for bids on the extension. The veto of a fourth piece of legislation, which called for a sewer tapping fee of $4.25 per front foot along the Forest Lawn extension, was allowed to stand, and council, by unanimous vote, adopted new legislation calling for a fee of $6 per front foot.

The legislation approved may well be the most important to be considered by this council. It is important not only because it provides for growth of the community, but because it establishes a precedent for development on lines recommended by advance planning.

Extension of the Forest Lawn Dr. trunk sewer to the city limits is a wise investment of city money. It will be returned with interest in the future as the city and its suburbs expand and as new homes and business tap onto the sewer line.

That there will be expansion, there can be no doubt. The ever-increasing population of the nation is reason enough to anticipate growth of this and the thousands of other cities in the land.

The return from the investment in the sewer extension, and in the sewer projects constructed in the same area last year, will help finance sewer improvements all over town. As with any investment, this will take time. But one can be sure that the tapping fees, surcharges and sewer use changes that will be rolling in next year, five years from now and 20 years from now will be a welcome addition to city coffers.

As important as the investment itself is the fact that passage of the legislation sets a precedent for handling sewer expansion in the manner recommended by qualified sewer engineers. It proves to doubters that expansion can be done the right way. It shows that helter-skelter sewer growth, which leads to future inadequacies requiring costly correction, can be avoided.

The journey to final approval was not always serene. There were many obstacles to overcome, much exploration into new legislative territory.

But having insisted that proposed new sewers conform to the city's master sewer plan, and having successfully negotiated a contract for sewage treatment with the newly-created sewer district, this council and future councils will have an easier time of it when called upon again to provide for sewer expansion or improvements.

## Harry Truman Had a Big Idea

Seven years ago, minus a few months, when Harry Truman was wincing under incessant charges of administrative corruption, he made a startling proposal on the subject of official honesty.

If the American people expected their officials to live on a moral plane higher than they lived on themselves, Mr. Truman believed, they should establish the plane by law and not leave it up to judgment.

On Sept. 27, 1951, Mr. Truman urged Congress to pass a law requiring federal officials to make public year by year their incomes from all sources. He said this would help "prevent illegal and improper conduct" and protect officials from "unfounded suspicion."

There was only one thing wrong with the proposal. Mr. Truman, certainly with malice, thought all U.S. senators and representatives should report their incomes from all sources, along with officials of the executive and judicial departments and the top-ranking officials of the Democratic and Republican parties.

The inclusion of members of Congress washed up the proposal on the spot.

One of the most useful political devices in the campaign arsenal is the revelation that a public official has augmented his public income with a few private perquisites — and it was to stop this political throat-cutting that the proposal had been made. Mr. Truman, harassed and pestered by the allegation that he was the head of an unusually corrupt administration, was fighting for his political life.

One of the highly regarded spokesmen for the Democratic party, Sen. Fulbright of Arkansas, had introduced a resolution in the spring of 1951 to bring about the same result, though in a much milder way. The Fulbright resolution called for a bipartisan commission to draft a code of ethics for appointed and elected officials. Sen. Fulbright said when he introduced the resolution: "We simply can no longer afford moral obtuseness in our public officials. It is bad enough to have corruption in our midst, but it is worse if it is to be condoned and accepted as inevitable."

This is still a problem in Washington. It is a problem that has tripped up Sherman Adams, President Eisenhower's principal assistant, and will trip up every Republican candidate in the 1958 elections.

Just how preposterous was Mr. Truman's idea?

If every government appointee above a certain level, all members of Congress and the federal judges had to come as clean about the sources of their income as, say, a businessman getting ready to do some thankless government job, the temptation to pluck off a few perquisites of position now and then would be as dreaded as a hot stove.

Public jobholders would be able to see trouble coming in some future investigation at a distance of a mile in a Potomac fog. Errors of judgment would be so costly no one could afford to risk making them any more.

## Nothing Was Left To Say

A 10 per cent pay raise, retroactive to last January, for more than a million government officials and workers was signed into law by President Eisenhower without comment last week. Nothing was left to say.

As had been true in the case of a postal workers' pay increase, the President had lost another skirmish in the battle against inflation. The raise was larger than he thought was justified, and it was retroactive, which he did not believe to be justified, either. But it was popular. Even Sylvia Porter, the columnist who writes about economics, thought it would help business.

To be sure, it will be paid off the cuff, because the federal government does not have the money. Moreover, it will not even have the cuff, until Congress authorizes another increase in the national debt ceiling. Mr. Eisenhower, without uttering a word, spoke volumes on congressional responsibility by asking immediately for supplemental appropriations to cover the cost of pay boosts granted out of money that does not exist.

Meanwhile, The New York Times credited the postal pay raise and the increase for government officials and workers to "the strongest lobby in Washington, led by William C. Doherty, president of the National Association of Letter Carriers, also chairman of the Government Employes' Council, which includes all of the unions of government employes affiliated with the American Federation of Labor and the Congress of Industrial Organization." Mr. Doherty, it was pointed out by The Times, had been nominated recently by a columnist as "Champion Lobbyist of Washington."

Obviously, any man who can get more money for his clients than the boss is willing to give them, get it out of non-existent funds and get it made retroactive to boot is out of the ordinary. If Mr. Doherty would zip over to the House and Senate and tell them where they are going to get the money he has gotten from them, he would be the biggest man in Washington.

## The Once Over

Secretary of Agriculture Benson says old-fashioned cooking has disappeared from the American kitchen. The observation is late. It's been long gone. Whipping up a meal has become almost a button-pressing routine.

The missus who bothers to dress a chicken, scale a halibut, produce a New England boiled dinner or even make her own soup has gone with the wind, the iron stove and the wooden icebox.

She has the wide-vista-vision kitchen but the preshrunk desire to operate it. Pop is lucky if he doesn't get the labels and wrappings cooked with his food.

**THE MODERN KITCHEN** looks so streamlined and glamorous that the housewife thinks it too good for cooking. It seems to have sent her buckety-buckety to the supermarket for the precooked, prepackaged dinner.

The old fashioned kitchen wasn't much to look at. Engineering and science hadn't touched it. But it suggested wonderful home-cooking, threw off the scent of appetizing grub and inspired mother to shoot the works. A man could put on a pound just inhaling. There were calories in the aroma.

*By H. I. Phillips*

The missus went in for personalized cooking and sought no short cuts by way of engineering or science. Then came the dinner fired direct from market to dinner table with a brief passage through the oven.

Today, all a woman has to have to feed the family is a capacity for loading up a wire wagon, shoving it from supermarket alley to alley and taking care that the detergent doesn't leak out on the hamburger.

**SHE IS AN** alley roamer who yields no right of way as she flits through a world of meats, magazines, canned goods, fish, floor wax, tobacco products, dentrifices and chicken pies all fairly well intermingled.

She doesn't know what she will have for lunch until she shuffles the packages. Dinner will consist of whatever she can open fast and launch like a sputnik. Half the time pop doesn't know if he is living in a home or on an ostrich farm.

Secretary Benson is the candor kid. But he may have cost the GOP the women's vote in next election.

Willie Mays, Gil Hodges and Mickey Mantle have all been in batting slumps. Things are tough all over.

## *Nerve Wracking!*

## Smear Adams Spree

*By David Lawrence*

Sherman Adams does not intend to resign—and President Eisenhower will not crucify him by asking him to resign.

Lawrence

Mr. Adams is convinced he has violated no law and exerted no improper influence. The President is also convinced that this is a fact.

Looking back now over what happened—and hindsight is always better than foresight—if the presidential aide had for one moment ever suspected that his personal friendship of 15 years with Bernard Goldfine, wool manufacturer, and the exchange of gifts would be distorted into a smear scandal, no such gifts would have been accepted.

The big question is: What is the duty of the press in such circumstances? Isn't it to present all the evidence and all the facts of law and prevent an innocent man from being wrongly stigmatized for life?

This correspondent has read the record and has also noted the contents of the important statement issued over the weekend by Edward F. Howrey, former chairman of the Federal Trade Commission.

**THE CONCLUSIONS** which this writer reaches after such an examination are as follows:

1. Not a scintilla of evidence exists to prove that any improper influence was exerted or that a violation of law was committed by Sherman Adams.

2. The decisions reached by the Federal Trade Commission in handling the cases involving Goldfine were made by the "career" officials who hold office from one administration to the other without regard to political change.

Neither they nor any other members of the commission ever knew that Chairman Howrey had received an inquiry from Sherman Adams about the Goldfine cases.

The cases were handled on their merits as are thousands of similar cases each year. Mr. Howrey himself took no part in deciding the cases. His subordinates did so and took the necessary action.

3. Notable in support of the facts as stated is the testimony of the acting chairman, Robert Secrest, former Democratic congressman from Ohio for 16 years.

4. No "regulation" of the commission was violated when Mr. Howrey sent a memorandum of information to Mr. Adams in response to his inquiry.

**IN FACT,** the names of the contending parties in the dispute were well known in the woolen industry because other woolen mills were vitally interested in any changes in labelling woolens that might be decided on.

Some members of Congress from wool states were also aware of the parties to the controversy.

5. Mr. Howrey's memorandum to Mr. Adams pointed out that the case could be settled by "voluntary compliance" in accordance with custom. But this was no new or confidential information.

The defendant company already had this knowledge in connection with its previous conferences with the Federal Trade Commission, which had been trying to conclude the case by the same method.

The annual report of the commission reveals that there were 6,399 cases of questioned practices in the woolen industry which were settled that year in the same way.

6. No favored treatment was given the defendant company. In the first instance, the Goldfine company complied voluntarily.

In the second instance, the customary remedy—the usual "cease and desist" order—deemed the most effective by the commission's top staff, was applied and the defendant complied with the law governing such orders.

7. As for the allegations about a case before the Securities & Exchange Commission in which Goldfine's company was accused of failing to file some annual reports, Sherman Adams himself made no contact with the commission.

A routine inquiry was made by a member of the White House staff—the special counsel—and he advised Mr. Adams that no further steps should be taken by him. Mr. Adams dropped the matter.

The Goldfine company was later given the customary penalty for failing to file its reports.

**INQUIRIES** about pending cases are routine by both executive officials and members of Congress in behalf of citizens, all of whom —whether they are gift-giving friends or strangers—have a constitutional right "to petition the government for a redress of grievances."

What's at the bottom of the whole smear? It appears that a personal feud by enemies of Mr. Adams started it all, and the cruelties of politics resulted in a ghoulish spree before a House investigating committee which flagrantly violated a House resolution about the proper behavior of its investigating committees.

It's perhaps too bad that Sherman Adams isn't a Communist or a defender of Communistic "beliefs."

He would today have the protective comments of many of the so-called "liberals" who have vehemently denounced "guilt by association" and "guilt by innuendo."

He would also have the benefit of Chief Justice Warren's castigations of the behavior of congressional committees.

As for those Republicans in Congress who have been running to cover because they are up for election this year, are they really so naive as to believe that the Democrats would ever stop talking about the Adams case if he resigned? His retirement would be interpreted as a confession of guilt.

It is always better, if the facts and the law are on your side, to continue the fight for truth on the basis of the evidence and the law. For the American people are usually fair when they do get all the facts.

## Reorganization Hits Snag

*By James Marlow*

WASHINGTON

This is a tale of how two men got into trouble by saying what they thought.

Everybody agrees that in a democracy military commanders must be controlled by civilians. But it raises a nice question: What civilians?

For instance: the military commanders are subordinate to their civilian superior, Secretary of Defense McElroy.

But Congress is jealous of its right to question military commanders, even if it means they publicly disagree with McElroy and try to defeat his ideas.

When President Eisenhower asked Congress to permit him to reorganize the Defense Department, the House passed a bill giving him pretty much what he asked.

**BUT IT MADE** a couple of exceptions. This was one:

If McElroy wanted to abolish some functions of one branch of the service or transfer them to another branch, then the chief of staff of the Army, Navy or Air Force — all under McElroy — could protest to Congress.

And, under the House-passed bill, Congress could repeal McElroy's order. Neither McElroy nor the Eisenhower administration liked this arrangement.

So, when the bill moved over to the Senate, McElroy asked the Armed Services Committee to knock out this section of the House bill.

But then the committee called on Adm. Arleigh Burke, chief of naval operations, for his views. They were contrary to McElroy's.

He said, in effect, that if McElroy wanted to take away some function of the Navy, and Burke thought it bad for the country, he wanted to be free to tell Congress so.

This opposition from Burke, caused McElroy to tell reporters: "I am disappointed in him (Burke), regard it as regrettable."

Would this end Burke's career? McElroy said "I have no plans to have his position changed" but "I am not the only one responsible for his future."

This could be interpreted as meaning Eisenhower, the only one above McElroy responsible for Burke's future, might punish the admiral.

McElroy hurried to deny the next day that he had any intention of rebuking Burke.

"The secretary can be disappointed, and he can regret parts of an officer's testimony without it being anything more than that," he said.

From far out in the Pacific, vice Adm. Austin K. Doyle, commander at Formosa, backed up Burke, said he thought he was sticking his neck out for saying so, and announced he was shocked at McElroy's criticism of Burke.

**THEN McELROY** got hit by Sen. Richard B. Russell, Georgia Democrat, chairman of the Armed Services Committee, and one of the most powerful men in Congress. He said a couple of things:

1. That McElroy's criticism of Burke for telling Congress what he thought was proof Congress must preserve the right to "receive the unbiased professional judgment" of this country's military leaders.

2. That "the clear implication in the secretary's statement that the Joint Chiefs must conform or be purged is more in keeping with the totalitarian concept of government than with our free government of divided powers."

That wasn't all. Russell called off any more testimony by military men on Eisenhower's reorganization plan until he gets assurance from McElroy they won't be punished for saying what they think.

## Won't Be Long Now

*By Truman Twill*

In the mixed-up version of the seasons that says summer is starting when it's half over, now is the time to start whistling "Summertime" and swilling iced tea. Officially, that is.

But realists are too cagey to fall for that nonsense. It won't be long until time to button up for another winter. There are some of us who never got unbottoned from last winter, which is understandable because heating plants still haven't been shut down.

Except for July and August and a little piece of September, the summer of 1958 is all but over. The dandelions have gone to seed, and the buckhorn is sending up spikes.

The spring crop of baby birds has been raised and pushed out of the nest, the strawberries are on the wane, and the men have been separated from the boys in the major leagues.

The automobile companies are starting to close down for fall model changeovers. Colleges and universities are filling up the roster of freshman classes, and student hopefuls who are going to get summer jobs all have them by this time or they're never going to find them.

Professional football players are beginning to flex their muscles and think about that old pigskin. Political candidates are repairing their fences for the roundup in November.

Buyers have picked out fall lines and are awaiting shipments of winter merchandise. Toy manufacturers are filling orders for Christmas stock. It is too late to plant Lima beans in time for a 1958 crop.

The sheen has been rubbed off the new power mower. The place where grass never did well before is just as contrary as it ever was before. No grass. The robins have eaten the sweet cherries and are starting to eat the sour ones.

Blue grass has gone to seed and is in the dormant stage. All the air conditioners have been given trial runs. The wheat harvest has started in the wheat belt. It is time to worry about the admission of Alaska as a state. Potato bugs have shown up.

June brides have written those little notes that say, "Don and I are so pleased with the thingamajog." Parents who know what is good for parents have made arrangements to ship their offspring away to summer camp.

"Wish you were here" is the message of the day, as homesick vacationers once more try to conceal their unhappiness with hearty greetings. Drug stores have made their annual turnover in unguents and drying compounds to soothe the sting of poison ivy.

There are apples where once were apple blossoms and little plums where plum blossoms flowered. All the people who own awnings have installed them. Winter clothing has come back from the cleaners in hangaway covers, and the amateur football players have taken the last offers for their amateur services.

Any way you look at it, summer has had it, now that it has started officially. It is time to think about raking leaves, picking grapes and inspecting furnace filters.

It is only 184 more days till Christmas.

## News of Other Years

**40 YEARS AGO** — Italian troops fighting along the Piave River inflicted heavy losses on Austro-Hungarian troops in another victory for the allied cause. Using its cavalry the Italians took another 2,000 prisoners after crossing to the eastern bank of the river.

Of interest here is the announcement of the marriage of Miss Susan Jane Clevenger and Frederick Augustus Vierow, both of Youngstown.

The wedding took place on June 17 at 7:30 o'clock in the evening in the Pleasant Grove United Presbyterian Church in Youngstown with the Rev. Don P. Montgomery officiating.

The bride is the daughter of Mr. and Mrs. Robert Morris Clevenger of Youngstown. Her maternal grandmother is Mrs. Oscar J. Lusch of 219 W. Church St. Her paternal grandparents and maternal grandfather were the late Mr. and Mrs. Oren I. Clevenger and the late Oscar J. Lusch. Parents of the bridegroom are Mr. and Mrs. Emil A. Vierow of Youngstown.

A summer gown of imported Swiss organdy was worn by the bride. The fitted bodice had a scalloped Sabrina neckline and the scalloped tiered skirt extended into a brush train. Holding her illusion veil was a matching organdy cap trimmed in pearls. She carried a bouquet of white sweetpeas and sweetheart roses intermingled with blue forget-me-nots.

Pastel yellow silk organza ballerina length gowns were worn by the bride's attendants. They included Miss Mary Lou Donalson of Green Springs, O., her former roommate at Baldin-Wallace College, as maid of honor, and Miss Mary Ellen Eidel, Miss Janice Wentz and Miss Marguerite Vierow, the bridegroom's sister, as bridesmaids. They carried baskets of blue corn flowers and yellow roses. Miss Mary Clevenger, cousin of the bride, was flower girl, wearing a dress of white organza over yelow. She carried a basket of blue forget-me-nots.

Pierre Pardee served as best man for the bridegroom and ushers were David Yeager, David Carpenter of Chagrin Falls and John Vierow, a brother of the bridegroom.

After a brief wedding trip along Lake Erie, the couple will go to Columbus to make their home at 299 E. 15th Ave. Mr. Vierow, who attended Miami University and Oxford and was graduated from Western Reserve University, is a law student at Ohio State University. A graduate of Baldwin-Wallace College in June, Mrs. Vierow has been appointed to a dietetic internship at Ohio State and will take up her duties in the fall.

Miss Joyce Ruhl, daughter of Mr. and Mrs. Lawrence Ruhl of Prospect, was united in marriage on Sunday, June 15, with Charles Ramsey, son of Mr. and Mrs. Foster Ramsey of north of Ridgeway. Reading the double ring ceremony at 2:30 o'clock in the afternoon in the Prospect Methodist Church was the Rev. G. F. Peters.

The bride wore a street length dress of white brocaded taffeta, fashioned with a Sabrina neckline and trimmed with white satin at the neckline, around the arms, in small buttons at the front of the bodice and at the waist in a pleated cummerbund. The skirt was of small pleats. She wore a crown of white flowers to form a halo effect, a single strand of pearls, a gift from the bridegroom, and carried a satin covered Bible topped with a white orchid and showered with streamers. She was given in marriage by her father.

Matron of honor for the bride was her sister, Mrs. Robert Pine, who wore a pink taffeta dress with pink accessories and had white carnations in a corsage.

James Ramsey served as best man for his brother and ushers were Robert Pine, brother-in-law of the bride, and Phyllip Ramsey, another brother of the bridegroom.

Mrs. Ruhl chose for her daughter's wedding a navy blue dress with white accessories and Mrs. Ramsey was attired in a brown and white print dress with brown accessories. Each had a corsage of white carnations.

Palms, bouquets of white spring flowers and lighted candles in twin seven-branch candelabra decorated the altar for the ceremony. Music was by Charles Toms, organist, and Peter F. Ayer, vocalist.

Following the ceremony a reception was held in the church basement where the table was decorated with a four-tiered wedding cake topped with a miniature bride and bridegroom and encircled at the base with flowers. Mrs. Robert Emery served as hostess. Assisting were Mrs. M. V. Brelsford, Mrs. Robert Jones and Mrs. George Good. Serving were Mrs. Earl Hawkins, aunt of the bride, and Mrs. James Ramsey. Miss Phyllis Ramsey, sister of the bridegroom, was in charge of the guest book.

Later the couple left on a short wedding trip to Lake Erie and now are residing in Ridgeway. Mr. Ramsey is engaged in farming.

Guests for the wedding were from Prospect, Delaware, Ridgeway, Marion, Caledonia, Mount Victory, Bellefontaine, Hudson, Columbus and LaRue.

Showers for Miss Ruhl before her wedding were given by Mrs. Robert Pine of Prospect and Mrs. James Ramsey of Rideway.

# Miss Rose Ann Murphy Wed to John W. Simkins

Mrs. John Wesley Simkins

Before a setting of baskets of pink roses and palms illuminated by candlelight, Miss Rose Ann Murphy became the bride of John Wesley Simkins on Sunday, June 8, in the LaRue Methodist Church. The double ring ceremony was read at 2:30 o'clock in the afternoon by the Rev. D. V. Whitenack. Wedding music was by Miss Elizabeth Trihaft, organist.

The bride is the daughter of Mr. and Mrs. Cletus Murphy of LaRue and the bridegroom's parents are Mr. and Mrs. Frank Simkins of Columbus.

Given in marriage by her father, the bride wore a gown of white nylon and acetate lace. The full bouffant skirt was ballerina length and featured pleated nylon net inserts that emphasized the elongated moulded bodice with a scalloped square neckline. The long sleeves tapered to tiny points at the wrists and accenting the back of the gown was a huge butterfly bow at the waistline. Her fingertip veil was of bridal illusion and her jewelry was a pearl necklace, a gift from Brenda Thew. She carried a bouquet of pink rosebuds with pink ribbon streamers atop a white Bible.

—:—

MRS. JOYCE MURPHY, sister-in-law of the bride, was matron of honor and wore a ballerina length dress of blue taffeta with a white hat and accessories. She had a corsage of pink carnations.

Earl Murphy, brother of the bride, served as best man and ushers were Tom Peacock and Gary Griggs, both of Columbus.

Lighting the candles was Miss Susan Simkins, sister of the bridegroom, who wore a blue dress with white accessories. Her corsage was of pink carnations.

For the wedding, Mrs. Murphy chose a pink nylon lace dress with which she combined pink and beige accessories. Mrs. Simkins was attired in an old rose lace and jersey dress with white accessories. Corsages for both mothers were of pink carnations.

A reception for 100 guests followed in the church parlors. Centering the table was a four-tiered wedding cake. Serving were Miss Thew and Miss Sandy Finch, assisted by Joe Parish and Miss Trihaft. When the couple left on a wedding trip, Mrs. Simkins was wearing a blue linen suit with white accessories.

—:—

THEY WILL MAKE their home at Ft. Bragg, N.C., where he is a paratrooper with the 82nd Airborn Division. He was graduated from Central High School in Columbus in 1956. Mrs. Simkins was graduated from LaRue High School this year.

Out-of-town guests were from Bellefontaine, Marysville, Columbus, Bucyrus, Willard, Upper Sandusky, Edison, Marion, Youngstown, Grove City and Richwood.

Previous to her marriage, Miss Murphy was complimented with a surprise shower given by Miss Thew and for the pleasure of the newly married couple after the wedding, Bowling Green Grange gave a shower June 13.

## Wyandot Scores High in FFA Test

UPPER SANDUSKY—One of the smallest counties in the state, Wyandot County placed high in the annual Ohio FFA judging contests held at Ohio State University, according to results announced Saturday.

An Upper Sandusky High School team ranked second in the state in sheep and wool judging. In the land and soils contest the school ranked seventh. Nevada High School's entry was fifth in land and soils.

Upper Sandusky's Edwin Schoenberger scored second in the sheep and wool division, competing against 129 other boys.

In competition of judging slope, erosion, texture, depth and drainage of three locations, then making recommendations for rotation and conservation practices, Roger Jury of Nevada joined two others in a tie for first place. Roger McGuire of Harpster was sixth. In the same classification, the team of Roger Jury, Jack Spitler and Morris Failor of Nevada placed fifth.

# Catello-Gibson Vows Spoken in Galion Church

Miss Darlene Ann Catello of Galion wore a gown of bridal pink pure silk sheer when she became the bride of Dale Heyward Gibson on Saturday, June 21, at 2:30 o'clock in the afternoon in First Presbyterian Church at Galion.

The setting for the candlelight double ring ceremony, read by the Rev. Rutherford E. Everest, pastor, was formed by beauty baskets of pink and white gladioli against a background of palms and seven-branch candelabra. Pews were marked with white satin ribbons and pink candles and pink rosebuds were attached to the aisle cloth.

The bride is the daughter of Mr. and Mrs. Armando Catello of Galion and the bridegroom's parents are Mr. and Mrs. Heyward P. Gibson of Plymouth, Ind.

Presenting a program of nuptial music were Miss Mable Zehner, organ instructor at Ashland College, and Mrs. Mario LaYacona of Mansfield, vocalist.

The bridal gown was styled with an off-the-shoulder portrait neckline edged with Chantilly lace and it had brief sleeves. The Venetian satin bodice was enhanced with lace motifs and encrusted with iridescents and pearls. Lace motifs edged the hipline and appliques of satin ribbon and lace scattered with iridescents and pearls accented the back of the full skirt which flowed into a chapel train. A matching crowned pillbox of iridescents and pearls held the full length veil of bridal pink silk illusion. She wore long white kid gloves and carried a white orchid arranged with lilies of the valley and stephanotis. She was given in marriage by her father.

Mrs. Dale Heyward Gibson

Gowns of the bride's six attendants were identical. They were designed of Delph blue organza over darker blue taffeta with full sashes, heavily embroidered. They had white kid wrist-length gloves and their blue picture hats were of horsehair braid and velvet. They carried colonial bouquets of pink, white and blue daisies.

Miss Charlotte Emery of Milton, Mass., college friend of the bride, was maid of honor, and bridesmaids were Miss Roberta Hankamer of Sandusky, Miss Ellen Moore of Maumee, Miss Diane Downs of University Heights, college friends, Miss Carol Kruger of Galion and Miss Leedia Catello, sister of the bride.

Jerrold Gibson of Arlington, Mass., was his brother's best man and seating the guests were Ralph Long of Columbia, S.C., Roy Zeman of St. Paul, Minn., John Cotnam of Syracuse, N.Y., U.S. Army associates of the bridegroom, David Gibson of San Diego, Calif., brother of the bridegroom, and Ronald Catello of Galion, brother of the bride.

Immediately following the wedding, a reception for 200 guests was held in the social rooms. The table was centered with a four-tiered wedding cake and at either side was a heart-shaped cake. Mrs. Richard A. Auld and Mrs. Fred Essex presided at the table. Assisting them were Mrs. Piner Long, Mrs. Nellie Muffley, Mrs. Laura Burt and Mrs. Inez Schorr. In charge of the guest book was Miss Cynthia Flech of Findlay, college roommate of the bride.

The bride's mother received guests in a beige silk shantung dress appliqued with squares of embroidered Alencon lace, accessories of white, pink and coral, white picture hat and corsage of Talisman roses. Mrs. Gibson, mother of the bridegroom, was in a light blue embroidered linen dress with matching blue and white hat and white accessories. Her corsage was a gardenia.

For traveling to the Pocono mountains, Mrs. Gibson changed to a blue figured silk shirtwaist dress with white and blue accessories and her wedding orchid. After June 28, the couple will be at home at 608 Huntingdon Pk., Rockledge, Philadelphia, Pa.

In the fall, Mrs. Gibson will return to Denison University to complete her senior year. She was graduated from Galion High School. At Denison, she is a member of Delta Phi Alpha, German honorary, Lambda Mu, women's music honorary, Phi Society, scholastic honorary, and Franco-Gallioppean, literary society.

Mr. Gibson was graduated from Denison University with a bachelor of science degree. He was affiliated there with Delta Phi Alpha, German honorary fraternity, Psi Chi, psychology honorary, and Delta Upsilon, social fraternity. He is stationed with the U.S. Army at Frankford Arsenal, Philadelphia.

Guests at the wedding were from Buffalo, N.Y., South Bend and Plymouth, Ind., Detroit, Mich., Columbus, Bucyrus, Mansfield, Delaware, Xenia, Hamilton, Tiffin, Cleveland, Youngstown, Granville and Findlay.

**IN STYLE.** Looks like the new sack look might even invade the sports world. Here, attractive blonde tennis star Karol Fageros of Miami, Fla., shows off sack-type outfit in London. The new one-piece, loose-backed, permanently-pleated outfit in terylene satin features cummerbund with gold-embroidered tennis figures and net.

## Church Activities

The Loyal Men and Women's Sunday School class of Central Christian Church held its annual picnic dinner Thursday noon in the church parlors.

Mrs. Mae Fairchild was chairman of the committees in charge of arrangements, assisted by Mrs. Dora Dall, Mrs. E. L. Weimer, Mrs. Iva Cass and Mrs. Pauline Heisler. Twenty-six members and guests were present.

Following the dinner, E. L. Weimer showed motion pictures of members of the church. Mrs. Oscar Noe presented small gifts to the oldest father present, J. C. Miller, and to the youngest father, Charles Swisher. A reading, "Walking With Father," was given by Mrs. C. F. Crock.

Also during the afternoon, Mrs. Cass was honored on her birthday and presented a cake baked by Mrs. Grace Jennings, a class member, and also handkerchiefs and cards from the members.

Guests were Mrs. Alice Butler of Mansfoeld, Mrs. Arilla Fairchild, Mrs. Heisler, Miss Mae Tropf and Miss Luella Scholl.

—:—

Mr. and Mrs. Donald Myers entertained at their home near Edison Monday night the Joy Sunday School Class of the Rural Salem EUB Church at Beech. Paul McChesney presided and devotions were led by the Rev. Paul Zimmerman. The Sunday School Class decided to have its annual picnic this year in Bucyrus on July 20.

—:—

Communion services were held Sunday morning at the Rural Salem EUB Church with the pastor, the Rev. Paul Zimmerman, in charge. The theme of the morning message was "The Two Beggars" by the pastor. The special number by the choir was "My God Is Real" accompanied at the organ by Miss Margaret Howser.

## Loss of $759,784 Reported by Erie

NEW YORK—Erie Railroad reported a loss of $759,784 in May against a profit of $173,723 in May last year, Harry W. Von Willer, president, announced today. This brought the five months deficit to $4,134,198 compared with a net income of $1,709,344 in the same period a year ago.

May operating revenue was $11,992,104, compared with $14,713,523 for the same month last year, a decrease of $2,721,419, or 18.5 per cent. Operating expenses were $10,327,807 against $12,515,680, a decrease of $2,187,873, or 17.5 per cent.

Operating revenues for the first five months were $60,391,678 against $72,394,236, down $12,002,558, or 16.6 per cent from last year. Expenses were $52,184,977 this year compared with $59,173,115, a decrease of $6,988,138, or 11.8 per cent.

Freight car loadings on the Erie for the first 19 days of June were 25.2 per cent under last year, and 7.6 per cent ahead of last month.

## Tiffin Man Arrested After Crawford Mishap

BUCYRUS — A Tiffin man was arrested on a charge of failure to stop within assured distance after his auto struck the back end of another at the intersection of Routes 30-N and 598, two miles west of Crestline Monday.

Investigating officers of the state highway patrol said only minor damage was done to the car driven by the Tiffin man, Dwight Rothhaar, 23, while the vehicle driven by Frank Ternocky, 45, of Republic, was badly damaged.

Patrolmen said both cars were eastbound on Rt. 30-N when the mishap occurred at 8:20 a.m. Rothhaar was to appear before Mayor J. L. Sullivan here today.

## Marion Man Fractures Arm in Fall Off Ladder

Richard F. Langdon of 276 Homer St., who suffered a broken right arm last week while vacationing at Harbor View, east of Port Clinton, underwent surgery on the arm Monday morning.

He is in MacGruder Hospital at Port Clinton and is expected to be a patient there for at least a week or 10 days. The injury occurred when Mr. Langdon fell from a stepladder last Thursday.

He is an assistant cashier at the National City Bank.

## Assigned to NATO

DAYTON, Ohio (AP)—The commander of Gentile Air Force Depot here, Brig. Gen. Charles A. Heim, has been transferred to Paris to manage the North Atlantic Treaty Organization's electronics spare parts division. His replacement has not been announced.

## 50th Anniversary To Be Celebrated By Galion Couple

GALION—Golden wedding celebrants in Galion this week are Mr. and Mrs. J. Edward Wittibschlager. Their anniversary date is June 25 and they will celebrate it at the corner of the Dawsett and Cronenwett roads. Relatives and friends will be received from 2 to 5 p.m.

Married in Galion June 25, 1908, Mrs. Wittibschlager is the former Alma Rinehart. The Rev. George Huddleston officiated for the ceremony in the parsonage of First Methodist Church. The Wittibschlagers have one daughter, Mrs. Carl Schenk of Harding Way East Rd., and a grandson, John Edward Schenk.

Members of Peace Lutheran Church, the couple formerly resided in Morrow and Crawford counties on farms before coming to Galion. In 1953, Mr. Wittibschlager retired as a machinist with the New York Central Railroad and The Galion Iron Works and Manufacturing Co. For several years, Mrs. Wittibschlager worked at the Stratbury Co.

## Okays Bond Issue

CINCINNATI (AP) — The City Board of Education has approved a 12-million-dollar bond issue for building schools and a budget for 1959 of $27,100,500. The budget, approved Monday, is $1,703,706 higher than that of 1958.

COLUMBUS, Ohio (AP)—Bennie Collins, a Toledoan convicted of first-degree murder in the shooting of another motorist after a Nov. 14 accident, appealed to the Ohio Supreme Court Monday.

# *Living Cost Up Again but Rise Is Leveling Off*

WASHINGTON (AP) — The nation's living costs hit another new record in May but registered the smallest monthly rise since December.

The latest government reading on living costs, released today, held out hope that the two-year inflationary spiral has leveled out for the summer. Food items as a whole failed to increase in May for the first time since November.

The Labor Department index rose one-tenth of 1 per cent to 123.6 per cent of the 1947-49 base. This is 3.3 per cent higher than May last year. It represents the 19th straight rise in the index in the past 21 months.

## Reunions

**VANDORN**

The ninth annual reunion of the Vandorn family was held Sunday in Heise Park at Galion with 46 relatives present from Columbus, Newark, Waldo, Marion, Bucyrus, Mount Gilead, Cardington and Galion.

Plans were made to hold the next reunion in 1958 at Heise Park the fourth Sunday in June.

## Police Reports

Reports of stolen money and lumber reached police headquarters Monday. Vernon Hudkins of 342 Owens St., called at 5:55 p.m. to say that new lumber and some sawhorses were missing from the rear of his residence. He valued the loss at $23.

At 6:28 p.m., Zane Isenberg, manager of the W. T. Grant Co., at 149 W. Center St., reported the theft of four $5 bills from one of the store's cash registers. Isenberg told police someone opened the drawer and took the bills sometime between 5:30 and 6:28.

## Arrested by Deputies

A 28 - year old Marion man, AWOL from the Navy's submarine base at Key West, Fla., was arrested by sheriff's deputies Monday and was turned over to Naval authorities in Columbus by Boatswain's Mate 1-C Francis Knight, local recruiter. Petty officer Knight said he was notified by telephone of the man's address here and requested the sheriff's office to make the arrest.

# Russians Indicate Cooperation in Nuclear Parley at Geneva

## Moves Give New Hope to Negotiators

### Reds' Seismographs May Aid in Detecting Secret Nuclear Tests

WASHINGTON (AP) — American officials said today Russia has indicated willingness to use its 70 seismograph stations in any international program to detect secret nuclear tests.

This, coupled with what they described as the impressive scientific background of the Soviet experts assigned to technical talks at Geneva July 1, gave heart to Western negotiators. The three U. S. experts and their two British, one French and one Canadian colleagues prepared to get to Geneva by next weekend.

**Warned To Avoid Politics**

These seven Western scientists have been cautioned by their governments to tend strictly to technical matters and avoid international political questions.

Officials said the task of the technical conference on detecting nuclear tests is two-fold.

1. To explore with Soviet bloc scientists the techniques, methods and instruments required to detect nuclear tests — especially those conducted thousands of feet underground or at altitudes of 100 miles or so.

2. To lay out systems of nuclear test detection.

The U. S. scientists are hopeful they can make progress on the first objective When they move into the second one, if they get that far, tricky political questions —like whether Red China should be brought in and whether nuclear tests should be banned—will pop up.

**No Firm Offer Made**

Officials said the Soviet government has made no firm offer to use its 70 seismograph stations. But they said the Russians have indicated the stations may be available. They would be helpful, perhaps vital, in checking on test explosions behind the Iron Curtin.

Soviet diplomatic exchanges with the United States have carried a political complexion. As a result, the State Department is assigning a foreign service officer skilled in international politics to steer the scientists away from that field. The diplomat will be named in a few days.

**SAFETY TOUR OPENS.** Stop signs are being readied here for use in the first session of Safety Town held this morning for youngsters enrolled in summer kindergarten. Pictured with the equipment are (left to right) Gordon Larson, director of instruction; Robert S. Brown, superintendent of schools, and Vernon L. Street, Rotary Club president. Safety Town, designed to acquaint youngsters with safety procedures in traffic situations, is set up on a blacktopped area south of Harding High School. Toy cars, miniature streets and buildings highlight the city in which children learn to obey traffic signals. Safety Town is sponsored jointly by the Marion City Board of Education and the Rotary Club.

## Auto Accidents

The only accident investigated Monday by Marion police resulted in estimated total damage of less than $100. State patrolmen and sheriff's deputies reported no accidents in rural sections of the county.

## Gets Suspended Fine

Ernest Smith, 58, who lists no home address, was fined $25 and costs in Marion Municipal Court Monday on the charge of being a suspicious person.

The fine and costs were suspended on the stipulation that he leave the city.

## Sewer Project

(Continued From Page 1)

Later in the meeting, Mr. Lister answered that it was not true the city is giving sewers to anyone. He said that the sewers to be built in District 1 will cost the developers from $35,000 to $38,000 and that the exemption of 119 taps in the three developments is not a giveaway.

He said further that he understood the mayor was planning further action to block the southeast project. Mayor Strong said he was not planning further action but said someone else may be.

Mr. Lister said he felt that 20 to 25 years from now the city will be thankful for the foresightedness of council in overriding the vetoes so the southeast suburban sewers may be constructed in an orderly and correct manner.

A question concerning the contract between the city and Sewer District 1 was posed by Dennis Trachsel, a local home builder. He wanted to know if he would be granted an exemption from the tapping fee if he should develop an area outside the city and construct his own trunk sewers.

Solicitor Riley Hall said it was purely a policy matter and if the present or future councils wished to grant an exemption for developments by Mr. Trachsel or other homebuilders, it could do so.

The southeast project was only one of the sewer problems discussed last night by council.

**Problems Sent To Committee**

Council also heard a complaint from a Forest Lawn Blvd. resident that despite the fact there is a new trunk sewer in the street, residents cannot use it because they cannot obtain a sufficient percentage of the property owners on a petition to construct necessary service sewers along the street.

He said he felt council should order the service lines installed even though the required percentage was not obtained. He said 75 per cent of the residents of the street want the sewer installation but it is blocked by the owners of vacant lots.

His complaint was referred to the sewer committee for more study.

Also sent to the committee was a problem concerning a petition for a trunk sewer to serve Adams St. and its adjacent streets. It was brought to council's attention by Mr. Osterholt who said nothing had been done on the problem in two years. Solicitor Riley Hall said it previously was not acted on because it would present a financial problem for the city.

Another sewer problem was called to council's attention by Mayor Strong. He said the storm water problem on Daffodil Dr. is serious and the city engineers are studying it and hope to find a solution. He said the storm water system along the street, installed by the developer, was accepted by a previous administration contrary to the advice of the city engineers.

There also was discussion on the proposed Davids St.-Woodrow Ave relief sewer. D. J. Finley of 847 Uncapher Ave. presented a petition from some Uncapher Ave. residents asking that the city take the full responsibility for any sewer problems created for them by the proposed relief sewer installation. He also spoke at length on the topic.

City Engineer John Ruth said that as far as it is possible to determine from records in his office the proposed relief sewer will not cause trouble in the operation of the Uncapher Ave. sewer.

There was more discussion after which council decided that the sewer committee should meet with the city engineer and determine if the relief sewer will be to the disadvantage of Mr. Finley and his neighbors.

renew the cold war and sabotage a summit conference.

Nagy, installed as premier by the Hungarian rebels, had taken refuge in the Yugoslav Embassy in Vienna after Soviet troops moved in to crush the revolt. The Russians arrested him when he left the embassy on a safe-conduct given by his successor, Premier Janos Kadar.

The Yugoslav note to the Hungarian Communist regime termed the executions a "gross and unprovoked attack" on President Tito's government.

The note called "untrue and fabricated from beginning to end" the Hungarian charge that Yugoslavia in effect had collaborated with Nagy in plotting to overthrow Kadar's government.

Pravda said protests to the executions have been made in the West "to complicate the international situation, rekindle the cold war, sabotage talks at the highest level and pass over to open military adventures as soon as this appears possible to them."

The Soviet Communist party newspaper's editorial said the West had adopted this policy as "salvation from its economic crisis."

## Navy Recruiter's Office Will Get New Quarters

Boatswain's Mate 1-C. Francis Knight, local Navy recruiter, today announced he is moving the recruiting office from the county commissioners' office in the Courthouse to The Navy Club at 126½ S. Main St.

The recruiter said he plans to set up offices in the new quarters Wednesday. Office hours will be 9 a.m. to 5 p.m. Monday through Friday and 9 a.m. to noon on Saturday, he said.

**COMMENTING** on the approved budget, Dr. Smith hailed the agencies, foundation trustees and the budget committee for their outstanding job in trying to hold down figures wherever possible.

"We attempted to break down each agency's budget to the minimum amount at which the public still can derive maximum benefits from services," he explained.

Members of the budget committee who assisted foundation trustees in examining agency budgets and arriving at final figures were:

William Payette, chief accountant of Fulfillment Corp., chairman; William LeMasters, vice president and treasurer of the Marion Power Shovel Co.; Everett Miller, controller, Marion Power Shovel Co.; Willard Bennett, manager of general accounting, Whirlpool, Corp.; John Chambers, budget manager; Whirlpool Corp.; George Howser, vice president, Huber-Warco Co.; Lowell Shambaugh, secretary-treasurer, Huber-American Inc.; J. R. Smart, plant controller, Eaton Manufacturing Co. and Robert Hodge, cost accountant, Eaton Manufacturing Co.

The 1957 United Appeals campaign was the first in Marion's history during which the quota was reached and exceeded by the closing date of the drive. Quota was $194,525 and the amount collected, totaled $197,205 or 102 per cent.

tary applications of atomic energy." Anderson said this power was too broad and that it was not clear how it would be used.

The bill would allow transfer to Britain of designs for nuclear weapons, fissionable material to make them, and non-nuclear components of weapons.

To other allies, the United States could give data on sizes and effects of atomic weapons, reactor designs, and atomic fuels for nuclear-powered submarines and other types of military power plants.

## Confers With Norstad

PARIS (AP)—Premier Charles de Gaulle today conferred with Gen. Lauris Norstad, supreme allied commander in Europe, on France's role in Western defense.

The French leader saw NATO Secretary General Paul-Henri Spaak Monday.

Aides stressed that the meeting of the U.S. chief of the Western alliance with De Gaulle indicated the importance the premier attaches to France's ties with the North Atlantic Treaty Organization.

## Chairman Retires

CLEVELAND (AP) — W. G. Rogers, chairman of the board of the East Ohio Gas Co., retired Monday after 44 years with the firm. He and his wife, Emma, plan to make a tour of the Scandinavian countries, returning here in August. Rogers is a native of Canton.

## Marion Lions Hear Talk on Atomic Bombs

"Atomic Warfare" was the theme of the talk presented by Dr. George Callendine at the Monday noon luncheon meeting of the Marion Lions Club.

Dr. Callendine, a nuclear physicist on the staff of the post graduate medical school at Ohio State University and head of the radio isotopes department of University Hospital in Columbus, addressed the group at a meeting in Hotel Harding.

He began by describing the atom and its nucleus, which is of prime interest to the nuclear physicist.

Reviewing basic chemistry, he explained how the addition or loss of neutrons in the nucleus changes the nucleus and the atom itself.

When the nuclei break apart, it is termed fission, he said. It is a rapid fission which causes the atomic blast and releases terrific amounts of energy, heat and light, Dr Callendine added.

He then briefly described the terrible destruction which is caused by atomic bombs and the resulting radio fallout, emphasizing that the new hydrogen bombs being used are comparatively "clean" of such radioactive materials. The reason for this, he explained, is that H-bombs are fusion bombs,—the blast is formed by putting together to create a new substance, rather than by blasting apart. However, they are triggered by atomic bombs, hence, still some radioactive fallout, the speaker continued.

Dwelling on disaster plans, the doctor revealed that there is now available a 200-bed portable hospital, completely equipped, to be used in the event of emergency.

He emphasized that the nuclear physicist is more concerned with controlled fission and possible peaceful uses of atomic research.

A question and answer period followed during which he discussed the effect of hydrogen bomb testing on the weather, uses for peacetime, and protection against radiation.

The speaker was introduced by Dr. J. W. Bull.

Guests introduced by Fred Warner were: Dr. G. W. Morris; Dr. Joseph Costantine, a major in the Army Medical Corps stationed at Ft. Bragg, N.C.; Fred Feldeman, a visiting Lion from North Hampton; Col. Marvin Ellison, USA retired, Clemson University in South Carolina; and James McGregor, Dr. Edgar Inselberg, George Edgar and John Ball, all of Marion.

During the business meeting, plans were made for the Lions Club Ox Roast to be held at the Marion County Fair, Aug. 16-22; for the Lions Club Annual Bazaar at the Fairgrounds, Sept. 18-20; and for serving lunch at the Jay Maish Co. picnic, Aug. 2.

Receiving 10 - year monarch awards for being club members one decade were Dr. Le Roy Kohlhorst and Cecil Gabler.

One neighbor told deputies he heard an explosion at about the same time he saw the flames, but deputies believe the blast may have been caused by the exploding of a car in the attached garage.

The home, located in the small community of Sugar Grove, was completely destroyed.

Crawford County Coroner Dr B. P. Mansfield of Galion, was to rule on the death of the two children later today.

Their bodies, burned almost beyond recognition, were taken to the Wise Funeral Home here.

Deputies said the parents were too seriously injured to permit immediate questioning about the fire.

## *U.S. Diplomat Reports Soviet Censors Busy*

NEW ORLEANS (AP)—Soviet censorship of dispatches by foreign correspondents in the Soviet Union has become increasingly severe in recent weeks, a State Department official said today.

Andrew Berding, assistant secretary of state for public affairs, said some recent news stories have been delayed, mutilated or completely deleted by the Moscow censor.

"We believe that secrecy can lead only to misunderstanding, to an increase in tensions," Berding said in a talk prepared for the annual convention of Civitan International.

Berding said that on the whole the Soviet Union does not have the complete initiative in the war of ideas.

"Within the Soviet Union," he said, "the biggest disaster of all is yet to come as an irreversible trend of questioning of the Communist ideology as the people become more educated."

## Court Reassigns Damage Hearing

A hearing on a $10,000 damage claim filed last February in connection with proposed improvements to the Gurley Ditch was reassigned today for July 5.

Judge Paul D. Smith said he is allowing attorneys for Harold Metz of near Marion, the claimant, time to amend the claim to make portions of it definite and certain.

Mr. Metz, the New York Central Railroad and Fred Schaber of near Marion filed claims alleging the proposed ditch improvements in Big Island and Green Camp townships would damage their property. The railroad and Mr. Schaber subsequently withdrew their claims.

David and Robert Bruggeman of near Marion are appealing a rejection by county commissioners of their petition for improvements to the ditch. Judge Arthur D. Tudor, who is sitting by assignement in the case, deferred a final ruling on improvements last Frebruary until after the damage claims are heard. Judge Smith is scheduled to preside at the claim hearing.

A search, concentrated in wooded areas near the location where he fled, failed to turn up any sign of the ex-convict by late this morning. Wooded areas, farm houses and barns near the spot were searched.

Delaware post patrolmen said Hysell has spent 13 of the last 16 years in the Ohio Penitentiary, serving sentences on burglary charges.

Joining in the manhunt late Monday night which continued today were patrolmen of the Hebron and Mount Vernon posts in addition to those from Delaware. Sheriff's deputies converged on the area from Delaware, Franklin and Knox counties.

## House Ready To Okay Aid Bill of $3.6 Billion

WASHINGTON (AP) — A $3,675,400,000 foreign-aid authorization bill was ready for expected House passage today.

The compromise measure is 2½ million dollars less than Eisenhower requested. The Senate has yet to act on it.

The measure includes $1.605,000,000 for military assistance to friendly foreign countries and 810 million for defense support aid. The military aid figure is 195 million less than the President requested, while the support allotment falls 25 million short of what he wanted.

## Swedes Report Stepup In Soviet Naval Activity

STOCKHOLM, Sweden (AP) — Swedish observers reported today that about 14 Soviet warships passed through the Kattegat into the Atlantic Monday and last weekend.

The fleet included a cruiser of the Sverdlov class, three destroyers, four submarines and tankers. The Kattegat lies between Sweden and Denmark and links the Baltic with the Atlantic.

It was believed the Soviet warships were bound for Atlantic maneuvers or were on their way to the Mediterranean.

## Fined in Local Court

## GOP Leaders Deny McElroy Blast at Burke

WASHINGTON (AP) — Republican congressional leaders said today President Eisenhower and Secretary of Defense McElroy never intended any threat of reprisal against Adm. Arleigh Burke for criticizing the administration's defense reorganization program.

Their views were reported to newsmen by Senate Republican Leader William F. Knowland of California and House GOP Chief Joseph W. Martin Jr. of Massachusetts. They held a news conference after their regular weekly meeting with the President.

McElroy attended the conference. Over the weekend, the secretary of defense had termed it regrettable that Burke, the chief of naval operations, had refused to support some features of the reorganization plan in testimony before a congressional committee.

McElroy's remarks were sized up by reporters as a rebuke to Burke, but the defense secretary later insisted that he had intended no rebuke.

The episode caused Chairman Russell (D-Ga) of the Senate Armed Services Committee to call on the administration for assurances there would be no reprisals against top military men who disagree with the administration's position. Russell suspended scheduled testimony by military leaders pending receipt of such assurances.

## 'Work' Issue

(Continued From Page 1)

amendment to the state constitution would prohibit employers and labor organizations from "entering into voluntary agreements requiring membership in a union as a condition of employment . . . " and declared that such an amendment would be damaging to the good relations "that have developed between labor and management and would tend to promote and encourage industrial strife."

**Oppose Taking Stand**

Expressing opposition to council either supporting or opposing the proposed amendment were: John Williams (D-2nd); Emmett Osterholt (R-6th) and Richard Lister (R-at large).

Council President Fred Baldauf said he had written to the labor council advising it that the members of City Council had agreed they should not take a stand for or against the proposal.

In opposing the proposal both John Williams and Mr. Osterholt said that council represents all the citizens of the city and should not become involved in a controversial issue on which Ohioans may be asked to vote next fall.

LeRoy Emery, president of the labor organization, said that many other cities have already adopted similar resolutions. He said the one proposed to council was an exact copy of one previously adopted at Akron.

Another spokesman for the labor organization said that unionists object to placing the issue on the ballot because many residents of the state have no knowledge of conditions in the various industrial plants or the effect the proposed amendment would have on them. Because of this many residents of the state will be unable to vote intelligently on the issue, he said.

The labor union officials argued that the backers of the petitions are using unfair and misleading methods to obtain signatures.

Mr. Emery said that the labor council offered to provide a meeting hall and conduct a public forum on the issue with the local backers of the amendment but the backers flatly refused. Mr. Emery said the local labor organization still would like to hold a public discussion on the proposal to bring out all the many points regarding it.

Councilman Smith said he felt council should have the opportunity to consider such legislation and each councilman should vote his convictions on it at that time.

## Vanguard Firing Off, Moisture Shorts Wiring

CAPE CANAVERAL, Fla. (AP) — The Navy's temperamental Vanguard rocket—America's No. 1 satellite launching vehicle — flunked another test today.

After hours of hard work, the Vanguard crew gave up at 1:34 a. m. on another heart-breaking effort to get the slender rocket with its "basketball moon" off the ground.

The Navy said heavy rains had caused an accumulation of moisture in the rocket's wiring system which led to electrical short circuiting.

## 'Canned' Twice

WHITEVILLE, N.C. (AP) — A public drunk was "canned" twice here, first, police said, when he tried to sit on the edge of a 60-gallon trash can and fell in. It took four men to pull him out. Then he was "canned" again — on public drunkenness charges at the Columbus County jail.

## *Senator Says Ike Not Getting All of Reports*

DES MOINES, Iowa (AP)—The Des Moines Register today quoted an unnamed Republican senator as asserting that presidential assistant Sherman Adams isn't letting the facts through to the President on Adams' relationship with Boston industrialist Bernard Goldfine.

In a special dispatch from the Washington bureau of the Register and of the Minneapolis Tribune, reporter Clark Mollenhoff said this "prominent Republican senator who wouldn't let his name be made public" has offered to go to President Eisenhower with a file on the Adams-Goldfine relationship.

The offer, the story said, was made to Wilton B. Persons, deputy presidential assistant.

Persons is reported to have promised to advise the senator today on whether he will be given an audience with Eisenhower.

The story quotes the senator as saying: "It isn't fair to President Eisenhower that he should receive his information on this matter through Adams—the man whose actions are under question."

## SEC

(Continued From Page 1)

cial reports required under SEC law.

The SEC already has said in a statement that its case against Goldfine was successfully prosecuted, and that the agency pushed for heavier penalties than a judge allowed.

SEC's general counsel was reported ready to testify too that he recalls only discussing the legal status of a Goldfine case — rather than confidential SEC information—at a 1956 White House meeting prompted by Adams.

**Did Not Pass It Along**

Adams, President Eisenhower's top aide, has said he received information on the case but did not pass it along to Goldfine and asked no favors.

The SEC officials were called as witnesses by a House subcommittee renewing its inquiry into how federal regulatory agencies treated Goldfine.

Subcommittee Chairman Oren Harris (D-Ark) said Goldfine got preferred treatment both from the SEC and the Federal Trade Commission.

Adams has acknowledged receiving expensive favors from Goldfine and contacting SEC and FTC about Goldfine cases. But he denied seeking special treatment for Goldfine.

**Involves Holding Company**

The SEC case involved a holding company of Goldfine's, the East Boston Co., which House investigators say failed to file required SEC financial reports from 1948 to 1955.

In the controversy over whether Adams should step down as Eisenhower's right-hand man:

The Republican national chairman, Meade Alcorn, praised Adams for ability and integrity but said, "Of course, no man is indispensable." He made that reply when sked in a radio interview whether, if Adams were forced out, "that might destroy President Eisenhower's desire to continue in office without this man upon whom he's so dependent?"

Sen. Barry Goldwater (R-Ariz) said Arizona county GOP chairmen think unanimously that Adams must go. Rep. Clarence Brown, Republican national committeeman from Ohio, said Adams' admitted imprudence has damaged the Republican cause.

## NLRB Election Is Slated at Can Firm

Employes at the National Can Corp. here will decide July 3 whether they want union representation by either the United Steel Workers or International Association of Machinists or neither.

Samuel Grace, plant manager, said today the company and representatives of both unions agreed to hold the union representation election after each was contacted Monday by Miss Nora Friel, NLRB field representative from Cleveland.

Mr. Grace said the plant's 28 employes will have the option of selecting representation by either union or of rejecting offers from both and continue on an open shop basis.

## Consolidate Offices

CINCINNATI (AP)—The dairy and poultry marketing news service here of the U. S. Agriculture Department will shut its doors next Monday. Officials announced the move Monday and said the Cincinnati and Cleveland offices will be consolidated in Columbus. Livestock, fruit and vegetable market services will continue to operate here.

# Around City Council's Table

Marion City Council adopted 13 pieces of legislation, took no action on one ordinance and gave another a first reading at its regular meeting Monday night in City Hall.

All members of council, the president and the clerk were present for the meeting. Other city officials on hand were: Mayor Wendell L. Strong, Safety-Service Director Howard W. Travis, City Solicitor Riley Hall, City Engineer John Ruth and Robert Wooley, deputy city auditor.

The invocation was by the Rev. Milton Lashley, assistant pastor of Quinn Chapel AME Church.

## Excavations Regulated

An ordinance to regulate the making of excavations into any public property and establishing fees and penalties aroused some discussion prior to adoption.

Harold Smith (R-at large) said he wanted a full explanation of the proposal.

In reply, Mr. Hall reviewed some of the background pertaining to the proposal and reported that an existing ordinance requires a $50 deposit or a $2,000 annual bond by anyone planning to cut into public property. The proposed ordinance would supplement the existing ordinance by providing that the city could repair openings in public property made by anyone other than franchised utility companies.

The ordinance further would provide that all such openings must be inspected and that the person making the opening must pay an inspection fee of $8 for a sewer excavation and $3 for other excavations.

In addition, the ordinance provides that the city will repair openings on traveled portions of streets or sidewalks with the person doing the work paying a charge to the city. The charge would be $50 a square yard for an excavation in a street not exceeding two square yards and $2 a square foot for all over two square yards.

A cut in a sidewalk not exceeding one square yard would call for a $20 payment to the city with a $1 a square foot to be charged for all over one square yard.

In reply to another question, Mr. Hall said the legislation was designed not to affect residential sidewalk replacement or repair. He said old existing legislation requires a total payment of $5 for anyone doing such work.

He also suggested amendment to the proposed legislation to exclude excavations started prior to the effective date of the ordinance.

Council adopted the legislation 9-0.

## Standards Approved

Two ordinances and a resolution pertaining to establishment to standards for curbs and gutters, sidewalks and street pavements were adopted 9-0.

The resolution calls for all street pavements which are constructed other than by a city contract must be of seven-inch-thick concrete or a six-inch concrete base surfaced with a minimum of two and one-half inches of asphaltic concrete.

Mayor Strong told council that if the city had had such a regulation 30 years ago many of the current street problems would not have developed.

One ordinance provides that all curbs and curbs and gutters installed henceforth must be constructed of concrete. The other requires all sidewalks to be of concrete four inches thick except at driveways where they must be six inches thick.

## Tree Ban Proposed

An ordinance proposing to prohibit the planting of trees between the curb and the sidewalk or on other city property was given a first reading.

Mrs. Norma Jacob (D-5th) said that one of the reasons for the proposal was to help reduce the tree removal problem in the future. She said the city now has a problem of removing many dead elm trees from between curb and sidewalk but has no money with which to do it.

City Engineer John Ruth also presented arguments favoring the proposal. He said that the space between the curb and sidewalk is needed for public utilities and storm sewers; that keeping the trees between the sidewalk and house would provide a clearer view down the street for traffic, that it would make for easier widening of streets and that it would help eliminate the problem of upheaved sidewalks. He said also that such regulations are being used in many new subdivisions in other cities and in some of the local subdivisions as well.

Harold Smith (D-at large) and John Robbins (D-1st) both expressed opposition to the proposal, saying they believed trees add to the beauty of the city.

Council President Fred Baldauf asked Mr. Ruth if the proposal contemplates the removal of existing trees between curb and sidewalk and Mr. Ruth said it did not, that it was merely to prohibit new plantings of trees between the curb and sidewalk.

Mr. Baldauf said he saw nothing wrong with the proposal and that it was merely a step to modernize the city. Mr. Smith replied that he would like to be old-fashioned on this subject.

## Ordinances Adopted

Two ordinances providing for the issuance of notes to provide funds for street improvement projects on Seminole and Mandana avenues and part of Willow St. were adopted 9-0.

The notes are to ' issued in anticipation of the levying of special assessments on the abutting property owners.

The improvement projects were authorized in previous legislation adopted by council and work already has started on them.

Another ordinance, to appropriate additional funds for the city's share of the cost, was adopted 9-0 also. Asked why previously-provided funds for the city's share now are insufficient, City Engineer Ruth said the labor and materials costs have increased. The ordinance provides an additional $2,422 for the Seminole Ave. project and $679 for the Willow and Mandana project.

## Equipment Approved

An ordinance to authorize the General Hospital Board of Governors to advertise for bids and sign contracts for a new obstetrical table was adopted 9-0 without comment. The new table is needed in the south delivery room at the hospital, according to the ordinance.

## Snack Bar Okayed

An ordinance authorizing the installation of a snack bar in the lobby of City Hall met with some opposition but was adopted 9-0.

Mrs. Norma Jacob (D-5th) wanted to know where the snack bar would be located and where supplies would be stored.

Mayor Strong said the facility, to be operated by a blind person, would be placed in front of the fireplace in the city hall lobby and food and supplies would be stored in a room leading off the south side of the lobby.

City Clerk Alta Sheehe objected to the use of the room for storage of supplies, arguing that many city records are stored in the room now, under lock and key.

Mayor Strong said the records could be stored in other rooms in city hall and that he felt the city could be proud of aiding the employment of a blind person wanting to help earn his own way.

Mrs. Jacob said she didn't object to the blind person being given this opportunity but said she felt the proposed location of the facility would not add to the attractiveness of the city hall lobby. She asked if it couldn't be located somewhere else in the building.

John Kelly, a supervisor for the state division of aid for the blind, said that the facility should be located in the area of the most traffic in and out of the building if it is to be a paying proposition.

There followed a discussion on whether existing coin operated vending machines in the lobby would be discontinued and Mr. Kelly said an arrangement could be worked out where the machines would be used part time.

## Assistant Authorized

An ordinance creating the position of special assistant city solicitor for a six months period from July 1 to Dec. 31 was adopted unanimously.

Salary for the position is to be $200 a month. The ordinance approved and confirmed the appointment of George Piacentino, former city solicitor, to fill the position.

Mr. Hall said that the special assistant is needed to aid his office in handling a large volume of bond and note work.

## Will Attend Convention

An ordinance authorizing Fire Chief Owen A. Sifritt to attend the Ohio Fire Chiefs convention at Findlay July 9-12 was adopted 9-0. The ordinance provided for expenditure of a maximum of $90 from the fire department's incidental fund to cover the chief's expenses.

## Hospital Change Asked

A resolution adopted by the board of governors of Marion General Hospital asking council and the county commissioners to amend an agreement pertaining to the use of surplus operating income was sent to the finance committee for study.

The board of governors' resolution asks that any excess over $200,000 in the operating fund be permitted to be used for capital improvements at the hospital. The city-county agreement now provides that the operating balance may be used only for operating expenses and not for capital improvements. The proposed $200,000 balance is to cover unexpected expenses or to provide for continued operation should income decline temporarily.

First improvement proposed by the board in the resolution is the installation of a third elevator at an estimated cost of $40,000.

## Other Business

In other business, council:

Heard letters read from Sherman Adams, assistant to the president; Sen. Frank J. Lausche and Rep. Jackson Betts acknowledging receipt of certified copies of a resolution approving a Marion County AFL-CIO Council resolution calling on the federal government to take necessary action to combat recession. Mr. Betts said in his reply that Congress has enacted several measures designed to help the situation.

Heard a report from Emmett Osterholt (R-6th) that the new hangar being constructed at Marion Municipal Airport by Marion Air Services, Inc., is proceeding rapidly.

Received a petition from residents of Tully St. asking for a fire lane, the designation of the street as a one-way street and the prohibition of trucks from the street. It was sent to the streets and alleys committee for study.

Received a petition from residents of Mary St. concerning existing fire lanes and parking restrictions. Safety-Service Director Travis said that the petition in effect requests that no changes be made in the existing conditions on the street.

Heard read a letter from the Federal Housing Administration commissioner, Norman Masons, to Sen. Lausche informing the senator why homes in Marion County using septic tanks are not acceptable for FHA loans.

Heard a complaint from John Robbins (D-1st) concerning a fire lane along a portion of N. Main St. just north of Mark St.

Discussed a new "no right turn" regulation established for a 90-day trial period at W. Center and Oak streets for southbound Oak St. traffic. Councilmen - at - large Harold Smith (D) and Richard Lister (R) objected to the regulation. They suggested it would be better to prohibit left turns rather than right turns which will funnel more traffic into the already congested downtown area. Mayor Strong said that the restriction of right turns was to eliminate a hazardous condition for pedestrians crossing W. Center St. at Oak St.

Heard a compliment for Co. C of the 307th Signal Battalion of the U.S. Army Reserves expressed by Mayor Strong. The mayor said the reserve unit Monday night voluntarily erected utility poles at an alley intersection on S. Main St. and strung a cable across the street for use by the city. Traffic signs will be suspended from the cable.

Received a suggestion by Mrs. Norma Jacob (D-5th) that the city enact a regulation that all animal or fowl pens or coops must be located 40 feet from the nearest residence. She said she had received several complaints of nuisances created by pens and coops located adjacent to neighboring dwellings. Council ordered necessary legislation prepared.

Heard an announcement by Ralph Williams (R-4th) that the municipal services committee plans to meet to discuss charges for services provided by the city to suburban areas outside the corporation limits.

Heard another suggestion from Mrs. Jacob that the city take action to insure that all residents of the city use the city garbage and refuse collection service to help reduce the problem of persons burning garbage. Mr. Smith said there is a law prohibiting the burning of garbage in the city and any such complaints should be made to the city health department.

Heard a report on a number of sewage damage claims. Council ordered legislation prepared to pay claims.

# Sports Antitrust Legislation Nears House Debate

## Congress Schedules Action On Rep. Celler's Proposals

WASHINGTON (AP) — The House moved today toward debate on whether professional baseball's long immunity from antitrust laws should be ended.

The House has before it legislation to spell out how the antitrust laws would apply to four professional team sports—baseball, football, basketball and hockey.

**Baseball Most Vulnerable**

Baseball is most vulnerable because the Supreme Court last year said that under present law baseball is still outside the scope of the antitrust statutes. Fooball comes under them. There have been no recent test cases on the other sports.

The representatives, who will not vote finally on the measure before Wednesday, could take any of three courses—leave things as they are, with baseball exempt and the exact applicability of the laws to other sports doubtful; or pass either of two pending bills.

The bill officially before the House would apply the antitrust laws to the four sports insofar as their business operations are concerned, but would exempt "reasonably necessary" operations concerned with the games themselves—such as reserve clauses binding players to a particular team: territorial arrangements and the like. But they would have to be proved "reasonably necessary."

**Author Asks Restrictions**

The author of this bill, Rep. Emanuel Celler (R-NY), contends at least this much restriction is necessary, or "baseball owners will do as they wish."

But Rep. Kenneth B. Keating (R-NY), one of a group of authors of a rival bill, has served notice he will try to have it substituted for Celler's. It is similar, but does not confine the exemption to "reasonably necessary" arrangements.

## Moore Sinks Bombers 2-0, Allows 3 Hits

By The Associated Press

The Chicago White Sox finally have put Manager Al Lopez's formula for success to work: If you can't score many runs yourself don't let the other guy score any at all.

It sounds tough, but that's just what the Sox pitching staff has been doing lately. Ray Moore loaded another shutout on the American League-leading New York Yankees Monday night with a three-hitter that gave Chicago a 2-0 victory and a share of fourth place.

Moore, another profit in that power-for-pitching trade plan put into effect by the Sox last winter, hadn't pitched a shutout in a year, but he helped boost Chicago's whitewash total to six in nine games.

The second-place Kansas City A's whipped Washington 7-2 and retained their one-game lead over the third-place Detroit Tigers, who defeated Baltimore 3-1 in the only other game scheduled.

The A's counted three home runs, one Bob Cerv's 19th to tie Boston's Jackie Jensen for the AL lead. Little Murry Dickson won his fifth with a seven-hitter. He had a shutout until the seventh, then gave up home runs to Norm Zauchin and Roy Sievers. Bill Tuttle and Hector Lopez also homered for the A's.

George Susce, late of Boston, won his first for Detroit in his first complete game since Sept. 25, 1955, when he beat the Yankees. The lone Oriole run came in the sixth on Gus Triandos' 15th homer. Gail Harris homered off loser Arnie Portocarrero (4-5) for a 1-0 Tiger lead in the second inning. Al Kaline's sacrifice fly made it 2-0 in the third and he then tripled and scored on a passed ball in the eighth.

## Reds Bump Dodgers in 6-1 Victory

CINCINNATI (AP)—Cincinnati's Redlegs plan to set up their own hall of fame here, and it might be prudent to nominate Brooks Lawrence and Don Hoak for consideration by future generations of fans.

Right now they're too valuable to the Redlegs.

Lawrence, for example, threw a six-hitter Monday night, defeating Los Angeles' Dodgers and he was always in command.

Third-sacker Hoak, the Reds' second best consistent hitter at .319, chimed in with two strategic hits and scored one of the markers in the 6-1 Cincinnati victory.

**Both Make Comebacks**

The two have one thing in common: They came to the Reds as castoffs—deemed by their former clubs to be played-out, washed-up, generally has-been players.

Lawrence's only tough spot came in the first inning Monday night. After the Dodgers tagged him for two hits, he bore down and quelched the threat.

But the Dodgers scored on him in the next inning when former Redleg Steve Bilko walked, reached third on Don Zimmer's double and scored while the Reds were busy with a forceout.

From then on all the scoring was for Cincinnati. Hoak got in on the last two rallies, starting off in the sixth with a double. Catcher Ed Bailey singled him home.

In the eighth, Frankie Robinson doubled and George Crowe singled him in. After Hoak's single, pinch-runner Dee Fondy galloped in to score on a forceout play.

The Reds had little trouble solving starter Johnny Podres' stuff, jumping on him for a run in the first inning on a double-single combination by Pete Whisenant and Crowe.

**Redlegs Break Deadlock**

In the fifth, the Reds broke out of a 1-1 deadlock with two runs. Gus Bell and Roy McMillan got started with singles and after advancing on Lawrence's sacrifice, Johnny Temple singled in Bell. McMillan trotted in on a force play.

And as to the Reds own hall of fame, the team plans first to install names of five of the best former players in a spot somewhere in Crosley Field.

The fans will do the voting and the results of the first ballot will be announced next July 18.

A twi-night doubleheader with Los Angeles comes tonight with Don Drysdale and Carl Erskine scheduled to oppose Bob Purkey and Willard Schmidt on the mound.

## Casper Marking Birthday With $9,000 Win at Flint

FLINT, Mich. (AP)—Today is Bill Casper Jr.'s 27th birthday and he has a check for $9,000, a gleaming trophy and the title of golf's leading money winner to make it a happy one.

The beefy ex-sailor from Apple Valley, Calif., packed $9,000 worth of drama and excitement into one final putt Monday. From a distance of 3½ feet he captured the $52,000 Flint Open tournament by a single stroke.

Casper finished with a 71, one-under-par, and his 285 tournament total nosed out Masters champion Arnold Palmer of Latrobe, Pa., and Ted Kroll of Sarasota, Fla., by a stroke.

Palmer finished brilliantly with a 69, the finest of the rainy day, while third round leader Kroll staggered in with a 75.

Casper's winnings for the year exceed $31,000.

Kroll and Palmer each picked up $3,800. U. S. Open champion Tommy Bolt finished with 74 and tied for fourth with Doug Ford at 287.

## Daniels Hurls Jets to Victory Against Bisons

By The Associated Press

Despite the advent of the atomic age there are still a few machines which require battery power to keep 'em moving. The Columbus Jets of the International League just happen to fall into this category, though their battery — the pitcher-catcher type—may not typify atomation.

But it did typify a neat 3-1 victory over the Buffalo Bisons Monday night.

Bennie Daniels hurled a sparkling two-hitter and his receiver Dick Rand got three of his team's six hits to drive in all of the runs. Rand's double with the bases full in the fourth inning made a loser of Dave Newkirk, the Bison starter.

The Montreal Royals beat the Miami Marlins 3-2 to move back into first place in the standings. The Richmond Virginians edged the Rochester Red Wings 3-2. In a twi-night double-header, the Havana Sugar Kings beat the Toronto Maple Leafs in the 11 inning opener, 6-4, and led in the nightcap 3-0 after seven innings when the game was halted because of the curfew. It will be completed at a later date.

## Clark Metal, Alloy Win Pony Contests

Two games were played in Pony League baseball Monday night. In one tilt, Alloy shut out G&G Homes, 1-0, with Dick Merchant hurling a one-hitter. In the other Clark Metal rolled over VFW, 17-2 in a game called after five innings of play because of the 15-run lead rule.

The Alloy-G&G contest was a pitchers' battle with Merchant facing G&G's Stan Flesher. A scoreless tie was waged until the sixth frame, when Alloy's Larry Merchant walked, advanced to second on a single by Dick Merchant, and tallied on a hit by Warner.

All told, Alloy got one run on two hits and made no errors. G&G got one safety and played flawless ball on defense.

Merchant wound up with 15 strikeouts to his credit. Flesher fanned 12 Alloy stickmen.

Clark Metal got down to business at the outset of its game with VFW. Metal batters got to VFW pitcher Paulus for 11 runs in the first inning. They picked up three more in the third and another trio in the fifth. Paulus gave up 12 hits in all.

VFW was able to nick Clark hurler McGraw for only two runs on two hits, both of which came in the fourth session.

Both pitchers went the route for their respective nines. McGraw, en route to victory, struck out 12 VFW batters and walked a trio, in addition to the two hits.

## Fairfield Team Defeats Upper Sandusky Twice

Fairfield Engineering swept to a double victory over Parsell TV of Upper Sandusky in a double header played Sunday at Garfield Park.

The Engineers won the opening game 5-2 behind the four-hit pitching of Greg Koudelka. The winners rapped out seven hits off the offerings of Parsell's Martin. The hits included two triples by Ralph Robinson and one by Smith.

The local team came back to take a 2-1 decision in the nightcap although able to collect only two hits against Upper Sandusky's Rowland. Donald Moore was the winning hurler, scattering six base hits. Rowland collected three of the losers' safeties.

## Pirates Sign Pair

PITTSBURGH (AP)—The Pittsburgh Pirates today announced the signing of Robert A. Veale Jr., 22, Birmingham, Ala., and Albert C. Miranda, 21, of San Angelo, Tex.

Veale, a southpaw pitcher, was assigned to the Salt Lake City club of the Pacific Coast League. Miranda, a shortstop, will report to the San Angelo club in the newly formed Sophomore League.

## Boston's Bonus Hurler Shipped Back to Minors

CLEVELAND (AP) — Frank Baumann, husky southpaw pitcher to whom the Boston Red Sox reportedly paid a $100,000 bonus, headed back to the minor leagues today.

The Red Sox, in town for a series with the Indians, Monday night sent the former St. Louis schoolboy phenom to their Memphis farm in the Class AA. Southern Assn. on recall. He remains Boston property.

Baumann had a 2-2 record with Boston this season. In the six years since Boston signed him, Baumann has won a total of seven games.

**NAMED AFTER DEAN**

NEW YORK (AP)—Jerry Lumpe, third baseman for the New York Yankees, is the son of a Warsaw, Me., banker who has been an admirer of former Cardinal pitching ace Dizzy Dean. In 1933, when Dean won 20 games, Lumpe's father christened his son Jerry Dean Lumpe.

**Will Be on Bench**

## *Hardy To Resume Play With Indians*

CLEVELAND (AP) — Rookie center fielder Carroll Hardy, who underwent an appendectomy May 20, is back in uniform but will be on the bench tonight when the Cleveland Indians open a three-game series against the Boston Red Sox.

"We'll go with the same lineup for a while," said Manager Bobby Bragan Monday after Hardy was returned to active status following the required 30 days on the disabled list.

**Held Kept in Center**

This meant that Woody Held, recently acquired from the Kansas City A's, would remain in center field.

Bragan now has a full squad of 25 men after operating with 24 last week following the trade with Kansas City in which the Indians exchanged three players for two.

Five of the 25, however, are either fully or partially incapacitated, although one, Billy Harrell, may play third base tonight. The others are pitchers Herb Score and Don Ferrarese, infielder Bob Avila and outfielder Larry Doby.

Bragan picked rookie right-hander Gary Bell as his pitcher tonight. Bell, who lost his first major league game to the New York Yankees last week after winning twice, made a start in Boston two weeks ago, but was knocked out in the sixth inning.

**Will Oppose Sullivan**

He will be opposed tonight by Frank Sullivan, another right-hander, who has won four games and lost two.

The Indians would move ahead of the Red Sox in the American League standings with a victory tonight. The Sox, in second place when they left home, have lost five out of six games in the west and are only half a game ahead of the sixth-place Indians.

Both teams were idle Monday.

## *Elliott's Mile Record Given AAU Approval*

NEW YORK (AP) — Herb Elliott's 3:57.9 world mile record will go in the books.

Pinky Sober, chairman of the National AAU Track and Field Committee, said there were no technicalities, no red tape, no imponderables in Elliott's race last Saturday night at the AAU championships in Bakersfield, Calif.

"We have approved it as an American record and already have forwarded it to the International Amateur Athletic Federation for approval as a world record," said Sober, who also acted as referee of the meet.

At first, it was thought that the time would go in the books as 3:58 — which would tie John Landy's world record — because of an IAAF rule that distances over 1,000 yards were measured to the nearest fifth of a second.

"Those rules were changed two years ago," said Sober, "Landy's record mile actually was run in 3:57.9, but under the rules then in effect (1954) it had to be altered to 3:58.

"Two years ago, the IAAF altered its record rule to permit officials clockings in tenths up to and including the mile."

The IAAF will meet to consider the new world record in Stockholm in August during European championships.

## *Gonzales Nails First Prize in Tennis Action*

FOREST HILLS, N.Y. (AP) — Pancho Gonzales plays Lew Hoad tonight in the Tournament of Champions. But there's nothing at stake except their competitive pride and the pro tennis king's remarkable record in New York.

Checked on the last time he's lost a match either here or in Madison Square Garden, Gonzales admitted "I guess I haven't lost here since the 1951 tournament when Pancho Segura beat me."

Since 1951, Gonzales figured he's won 15 matches — including the five that assure him the $3,000 first prize in the current round-robin. Gonzales stopped Australian Frank Sedgman by 10-8, 6-2 Monday night to clinch top money when Hoad lost to his former Australian Davis Cup buddy, Ken Rosewall, 6-2, 8-6 for a 3-2 record.

Rosewall completed the six-match round-robin with a 5-1 record, taking the runnerup $2,000 prize. Tony Trabert stopped Rex Hartwig, 6-2, 8-6 to finish third with a 4-2 record for $1,750.

# LaRue Six-Man Grid Team Tops in Nation on Offense

The annual Six-Man Football magazine is just off the presses and among the names associated with records for the 1957 season, that of LaRue and some of its players looms large.

The Indians, with Mike Pekach at the helm, put together an undefeated and untied season last year, emerging victorious in seven games.

—:—

**SO EFFICIENT** was the LaRue grid machine that it wound up tops in the nation on offense among schools playing six - man football with a total of 416 points scored in all games, an average of 59.4 points per contest.

One of Coach Pekach's prize players was Richard Isom, whose exploits accounted in great measure for the Indians' success. Isom led the nation' six-man gridders in net yards gained, posting a figure of 1,547 yards. The Indian back, in 102 plays, carried the ball an average of 15.2 yards per carry to top a record set in 1955 by a Jeromesville, O., back.

In the seven LaRue games, Isom scored 26 touchdowns, made one point after for a total of 157 points.

And, there were several other LaRue gridders figuring high in the season's statistics.

—:—

**DAVID GUTHERY** was one of the outstanding forward passers in the country. He attempted 47 aerials and completed 24 for a percentage of 57.5. His completions accounted for three TD's and one point after. In addition, Guthery ranked fourth in the nation in pass interceptions, with five. And, in 49 drop-kick tries for points after the LaRue back completed 21, a percentage of 42.9, tops in the country.

Guthery also carried the ball 27 times for 509 yards, an average of 18.9 yards per carry.

LaRue's Charles Herick also got into the act. Herick recovered four opponents' fumbles to wind up in a tie for fifth in that department. He also figured heavily in tackling, making 59 stops in the seven LaRue games, an average of 8.4 per game. What's more, Herick was second among the nations kickoff booters to send the ball over the opposing goal line. He turned the trick 20 times in seven games.

RICHARD ISOM
Leads Nation in Yardage

—:—

**LARUE'S** Bob Whitman was among the best six - man pass catchers last year, taking four for touchdowns and two for points after. In addition, Whitman was in on 84 tackles for an average of 12 per game.

The Indians' Jeff Greenwood was among the rushing leaders, carrying 1,007 yards in 82 plays for an average of 12.3 yards per try.

Another area school figured in the statistics, too. Magnetic Springs' Jerry Weaver caught 30 passes to lead the nation, nine of which went for touchdowns.

# Schiff, Fahey Bank Capture Wins in Little League Games

In National loop play Monday night, Schiff sailed past Wilhelm, 5-3, and Fahey Bank vanquished MPS, 13-3. The latter game was an abbreviated affair, being called after four innings of play because of Fahey's 10-run lead.

Schiff scored five runs on five hits to beat the Wilhelm nine. Roseberry toed the rubber for the victors, allowing three runs on five hits. Penix hurled for Wilhelm and was charged with the defeat.

Schiff tallied two runs in the first, added three in the second, then settled down to defending against a Wilhelm uprising. It came in the fourth, fifth and sixth, but one run for each frame was all that could be produced.

Roseberry aided his cause considerably at the plate, getting three hits in three trips and driving in four runs. Moreover, he fanned 12 Wilhelm batters. One of his big blows was a homer with two aboard.

Lewis doubled in the sixth for Wilhelm's only extra base blow.

Fahey Bank, with Traugh on the mound, teed off on MPS for five runs in the first inning. They added three in the second, one in the third and four in the fourth to account for 13 runs in the short session. MPS rapped a pair of tallies in the initial frame and added another in the fourth.

All in all, Fahey got 13 runs on nine hits; MPS was three on four.

Flesher started for MPS, with Robbins coming on in relief. Flesher was tagged with the setback.

Phillips and Flesher both doubled for MPS, the extra base blows coming in the first and third frames respectively. Traugh and Chaney got two-baggers in the second for Fahey, with Haberman and Evans turning the trick in the second.

# Rookie Grabs First Win for NL Champions

By The Associated Press

Your ace has lost three in a row. Your World Series hero is stumbling along with a 5-5 record. Your most consistent winner is on the disabled list and your pitching staff has come through with only one nine-inning complete game in more than three weeks. You should be dead.

Instead, the Milwaukee Braves reached down to the minors and pulled out a plum named Carleton Willey, a big right-hander who won 21 at Wichita last season. He was the toast of the dozen or so kid pitchers who crowded the spring camp. But come cutdown time and he was shipped back to Wichita.

Now, with Warren Spahn slumping, Lew Burdette at .500 for 10 decisions and Bob Buhl ailing, Willey was called back, and he came back big — pitching a six-hit shutout in his first major league start and beating second-place San Francisco 7-0 Monday night.

That bounced the Giants 2½ games behind and in danger of being overhauled by St. Louis and Cincinnati. The Cardinals tied the Redlegs for third place, a game behind San Francisco, with a 7-5 victory over Pittsburgh while Cincy was disposing of Los Angeles 6-1. Those were the only games scheduled.

The Pirates built a 3-0 lead against the Cards, then blew it with five errors, three by Ted Kluszewski. Curt Flood had four hits for St. Louis.

## Wildcat Strike Ties Up Chrysler Missile Plant

DETROIT (AP) — The government's attention was drawn today to labor trouble at Chrysler guided missile plant developing as an offshoot of the auto industry's no-contract period.

A wildcat strike by United Auto Workers members idled several thousand men Monday at Chrysler's Redstone and Jupiter parts factory and resulted in a "total loss" for the day's first shift.

Picketing members of UAW Local 1245, which represents about 450 of the plant's 9,500 employes, blocked gates to protest what they called company discrimination against union members. Chrysler denied this.

The UAW has had no contracts at the industry's Big Three — Chrysler, Ford and General Motors — since expiration of the old three-year pacts on the Memorial Day weekend.

# Hitting Slump By Yanks Has Stengel Upset

CHICAGO (AP) — "My guys ain't hitting."

With that terse statement Manager Casey Stengel summed up the situation after his New York Yankees were blanked by right-hander Ray Moore in a 2-0 loss to the Chicago White Sox Monday night.

It was the fourth time in the last nine games the Yankees had been whitewashed. It was the fifth time this season they had been held scoreless compared to only two shutouts pitched against them last year.

"Our guy (Whitey Ford) pitched good ball. He made only one mistake," said Stengel. "That other guy (Moore) didn't make any. He was real good, even better than when he beat us at New York."

Moore, who whipped the Yankees earlier this month, handcuffed the American League champions on three hits — one a bunt single. It was his fourth victory against one loss and the sixth shutout by Sox pitchers in the last nine games.

While the Sox, hoping to sweep the four-game series from New York in order to get back into the pennant, took their victory calmly, Stengel was groaning in the Yankee clubhouse.

"We're not hitting, we're not hitting," he repeated. "Nobody's taking advantage of our slump so we're still pretty well out in front (7½ games) but we'd better snap out of it. I got a lot of guys I can move around.

"Maybe," he mused, "some of my boys need a rest."

## $800 Investment Pays Off for Milwaukee Club

MILWAUKEE (AP)—Carl Willey, shy, 27-year-old right-hander paid the world champion Milwaukee Braves their first dividend Monday night on an investment of $800.

The Braves paid him that sum to sign with their organization in 1951 when scout Jeff Jones spotted the diminutive fast-ball pitcher at a New England try-out camp.

In his first major league start, Willey shut out the San Francisco Giants 7-0 on six hits, three of them by rookie Leon Wagner.

# Down the Fairway

A ladder golf tournament will highlight Thursday's Ladies Day golf program at Marion Country Club. Qualifying for the annual handicap tournament will be concluded then also. Hostesses for the program will be Mrs. R. E. Probst and Mrs. George Howser.

Sixty-four golfers took part in last week's session. Three blind hole medal golf was played. Low gross winners were: A flight, Mrs. Mae Frazier; B. flight, Mrs. Fred Merchant; C flight, Mrs. Neil Price, and D flight, Mrs. Thomas Moretti. Mrs. William Merriman Jr. won low net. The low putt award went to Mrs. Stanley Franks, Mrs. John Tjaden, Mrs. W. A. Dennis and Mrs. Paul Kohler. Blind hole winners were Mrs. Philip Guthery, Mrs. William Hamor, Mrs. Probst and Mrs. William Leffler.

In Friday night Industrial League golf play, Farmers Implement linksmen beat the American Legion, 5-4: Jockey Steak House turned back Goodrich, 6-3; Gulf Refining shut out the Y-Men, 9-0; and Tecumseh shaded Huber-Warco, 7½-1½.

Don Miller fired a 29 for low net score and also took low gross honors with a 35.

Farmers Implement still tops the loop standings, with 33½ wins and 11½ losses to date. Tecumseh is second with a 27-18 mark, while Legion has a 25-20 record for third. Goodrich is fourth, 23-22; Jockey Steak House fifth, 22½-22½; Huber-Warco sixth, 22-23; Gulf Refining seventh, 21½-23½; and the Y-Men are in the cellar by virtue of a 5½-39½ count to date.

Monday night league activity was cancelled due to the rain.

## Hurler Joins Redlegs

CINCINNATI (AP)—Gene Hayden, 22-year-old southpaw, is slated to report to Cincinnati's Redlegs today from the minors to fill out the pitching staff.

Hayden this season compiled a 4-11 record with Nashville of the Southern Assn. and struck out 15 men in his last game.

The Reds now have 24 players, one under the limit.

## Redlegs Obtain Kellner, Sell Lown to White Sox

CINCINNATI (AP)—The Cincinnati Redlegs Monday purchased the contract of relief pitcher Alex Kellner from the Kansas City Athletics. To make room for their newly-acquired pitchers, the Redlegs sold Turk Lown to the Chicago White Sox.

No figures were released but both players were waived out of their respective leagues. Kellner has an 0-2 record this year with the A's. He was 6-5 last year and had his best year in 1949 as a Philadelphia hurler when he won 20 and lost 12.

## Marion AC Wins

Marion AC exploded for a 12-3 verdict over Eaton in a softball game Sunday at the Marion Engineer Depot diamond.

The winners started the romp with one run in the opening frame but Eaton came back to go into a 2-1 lead before AC exploded. The AC club loaded the bases in the fifth and Clenon Henson came through with the team's big blow, a two-base smash to left. Bill Dozier was the winning hurler and gave up just four base hits to the Eaton team.

## Richwood To Vote On Levy for Lights

RICHWOOD—Richwood residents will be asked to approve a two-mill levy for street lighting at the November election.

The levy, which would run for two years, was authorized by Village Council at its meeting Monday night.

Council granted the Park Commission permission to have a firm come into the village and spray for mosquitoes. Council said the commission would have to raise the money to pay for the spraying by public solicitation.

Council voted to begin complying with state lay law regarding sick leave for the municipal employes.

A petition presented by Mrs. Opal Haines requesting permission to place a housetrailer on a lot on S. Franklin St. was denied.

## Marseilles Wins 12-4

MARSEILLES — The Marseilles softball team blasted Ada 12-4 in a Sunday afternoon contest at the losers' field. Leading the local team's attack were Rex Hankins, Don Hensel and Les Hensel all with home runs. Bob Strahm and Sherm McKinniss teamed up to stop the Ada nine on six hits. Marseilles will play Sycamore tonight in Upper Sandusky league play.

## Hit by Train, Boy Dies

GREENUP, Ky. (AP)—A Chesapeake & Ohio passenger train killed a 7-year-old Greenup County boy, Gail Hall, Monday. Authorities said the boy, who was from Wurtland, ran in front of the train two miles east of here.

## *Linkletter Raises a New Emcee*

Besides proving that "People Are Funny" over the years, Art Linkletter has been raising a television emcee at home. That his labors have been remarkably productive may be measured by the fact that Jack Linkletter, oldest of five little Linkletters, can't legally sign the NBC contract for his part in "Haggis Baggis" (the new game show arriving June 30) because, at 20, he's a minor.

Marie Torre

"So help me," said "Haggis Baggis" producer Joe Cates, "the Linkletter name didn't influence the deal. The kid's really good. He has charm, poise, good humor. Art molded the boy in his own image."

In young Linkletter's book, that's good. He regards papa as the best emcee in the business, superior to Ed Sullivan ("He never smiles") or Groucho Marx ("I don't think ad libs with contestants should be rehearsed"; or Ralph Edwards ("His 'This is Your Life' is too personal.")

-:-

**"BY MY FATHER** is good, and I say this objectively," said Jack, whose show business instructions began when he was about 5 years old.

"Dad used to take me along on his tours, and sometimes he'd put me into his shows. He taught me so well that, at 16, I had my own local radio show in Los Angeles. Later I was on my father's 'House Party' once a week."

"I'm really grateful to Dad for what he did for me. He made it possible for me to find out early in life what I wanted to do in the way of a career. That's important because then you can direct your education toward that goal. I'm an English major at the University of Southern California."

Jack also is a married man and a father-to-be. If the "Haggis Baggis" show meets with success, the program will be transferred to Los Angeles in the fall so that he may resume life both as a family man and a USC student.

-:-

**"I HAVE A YEAR** to go at the University," said Jack, and he'll learn during that year the meaning of "Haggis Baggis." Since he was in the dark about it, we consulted Webster, which was only of partial help.

"Haggis," it said in the book, is a Scottish word for "a pudding made of the heart, liver, lights, etc., of a sheep or a calf, minced with suet, onions, oatmeal, etc., seasoned, and boiled in the stomach of the animal."

We subsequently tracked down producer Joe Cates for enlightenment on "Haggis Baggis."

He said: "Actually I don't know. I picked it as a title because it's unique, and I'm sick of all those quiz shows with their literal titles. I came upon the term through an old friend of mine who's vice president of an ad agency. Whenever agency men want to end a conference, you know, they say 'Let's wrap up the cookies and go home.'

"Well, instead of that, this agency friend of mine always says 'Let's wrap up this haggis baggis and go home.'"

-:-

**LOYDS OF LONDON,** known for insuring almost anything, has refused to underwrite the upcoming ABC show, "ESP" (extrasensory perception) because "there is no way of calibrating the intricacies of the human mind." . . .

Mary Costa, who's been spending part of her $1,000 a week from "Climax" commercials on vocal lessons, will sing this summer at the Festival of Glyndebourne Opera House, some 60 miles from London. . . .

George Gobel fulfills his NBC commitment at the end of next season, and it's doubtful that he'll seek another contract. He and manager David O'Malley, 'tis said, have plans of their own. . . . Singer Jane Morgan is reportedly in negotiation with "The Hit Parade," meaning she may be ready to forsake her anti-rock 'n' roll policy. . . .

The daily "Captain Kangaroo," best of the kiddie shows, will suspend operation for the summer next Friday in favor of a once-a-week (Saturday mornings) airings until Sept. 29. . . .

Whoever dreams up the titles at NBC must have dislocated his imagination. First we had "The Eddie Fisher Show Starring Eddie Fisher with George Gobel," and now we'll have, beginning July 13, "Steve Allen Presents Steve Lawrence and Eydie Gorme." As Joe Cates lamented above, TV titles are so "literal."

# *Brief by Bethlehem Steel Asks Dismissal of Anti-Trust Action*

NEW YORK (AP) — Bethlehem Steel Corp. asked Monday in Federal Court for dismissal of the government's suit against its proposed merger with Youngstown Sheet and Tube Co.

Bethlehem said in a brief that the proposed merger does not run afoul of the Clayton Antitrust Act. The government's claim that it does was key to the government's suit.

A merger of Bethlehem and Youngstown, second and fifth in the industry, respectively, would increase competition in the midwest with U.S. Steel, the industry's giant, Bethlehem contends.

After a four-week hearing, Federal Judge Edward Weinfeld last May 9 reserved decision in the suit. The Bethlehem brief was filed in response to a request by Weinfeld. The government also is expected to file one.

The Bethlehem brief contended that if the merger is blocked, U.S. Steel's "position will be made impregnable in those areas in the midwest where it now towers over its competitors and where steel consumption will undergo the greatest growth in the next 10 or 15 years."

During the trial Bethlehem said the merged corporation would spend one third of a billion dollars for new plants to expand production, especially in the midwest.

In the past 15 years, the brief argued, the Chicago area mills "have not risen to the challenge created by the growth of consumption there."

# Woman Reports $22,000 Theft of Jewelry, Clothing

YOUNGSTOWN, Ohio (AP) — Mrs. Ralph T. Reed, wife of the president of the American Express Co., reported to Youngstown police Monday night someone stole $22,000 in jewelry and clothing from the trunk of her car. She said she believed it occurred somewhere on the Pennsylvania Turnpike.

Mrs. Reed, a prominent New Yorker, was traveling to Detroit with her sister, Mrs. Estelle Young, also of New York.

Stopping at a motel here for the night, the women discovered the suitcase containing the valuables was missing from the automobile trunk. Mrs. Reed told officers she last had stopped the car at a restaurant on the Pennsylvania toll road. She said she did not recall where on the turnpike the restaurant was located.

# Third Man Seized In Theft of $13,000

YOUNGSTOWN, Ohio (AP)—The FBI Monday arrested Benjamin T. Guerrieri, 34, of Youngstown, the third man to be taken into custody in connection with the theft of $13,000 from a Navy commissary store at Norfolk, Va., June 2.

Arrested and bound over to the federal grand jury in Norfolk last Thursday were Chief Petty Officer Mike Milanovich of Norfolk and Clayton Thomas Grimmer, 27, of Youngstown.

Guerrieri, out on bond on three separate burglary charges, was taken into custody by federal officers at his home here. He appeared before U. S. Commissioner William G. Dornan and was released on $5,000 bond. A preliminary hearing was set for July 18.

The FBI said the money was taken from a safe in a commissary store at the Little Creek Amphibious Base. The safe had been opened with an acetylene torch.

THIS VACATION WHY LOSE OUT ON LOCAL HAPPENINGS-

PLAN 1 —

HAVE YOUR COPY OF THE STAR MAILED TO YOUR VACATION ADDRESS

If you are going to be at one address for the whole length of your vacation, call the Circulation Mail Department (2-1101) and give us your address.

Give us the day to stop it here, then we can start it the next day to your vacation address. In most cases your Marion Star will arrive the morning following publication.

Your Newspaperboy will collect when you return.

IF YOU ARE GOING TO BE ON THE MOVE *USE*

PLAN 2 —

Ask your Newspaperboy to save a copy of each day's issue for you, then upon your return he will restart your regular delivery and give you the issues he saved for you while you were away.

Sure you'll say I don't have time to read all these back issues. We agree, but at least you'll have time just to look over the past happenings.

# New York Stock Market

NEW YORK (AP) — The stock market continued its moderate decline early this afternoon. Leading issues were down fractions to about a point.

Selected issues advanced a point or so. Among them was American Motors which halted its decline and moved ahead, adding about a point. The stock had declined on word from financier Louis E. Wolfson to the effect he was liquidating his 400,000 shares. The stock rebounded following an announcement from an SEC official that a federal judge has signed an order restraining Wolfson from alleged further violations of the anti-fraud and manipulation provision of the securities exchange act of 1934.

The SEC official said Wolfson and associates were short more than 100,000 shares of the stock when a news item was published saying Wolfson was disposing of his shares. This would depress the market for the stock, the SEC official said.

Steels, rails oils, rubbers and most chemicals were off but there was little apparent selling pressure.

American Motors was the most active stock Monday when it lost ⅝.

Lorillard resumed upward, adding about a point. American Tobacco gained a major fraction. Vanadium Corp. slashed its dividend to 25 cents from 50 cents and the stock dropped about 2 points.

U.S. Steel's loss of about a point was about the worst among the leading stocks in its group. Bethlehem, Republic and Youngstown dropped fractions. Chrysler posted a small gain. General Motors and Ford lost a little ground.

Southern Railway fell a point or so and Santa Fe was down. International Nickel and American Smelting were down about a point. Du Pont and Caterpillar were other 1-point losers.

U.S. government bonds were firm in slow transactions.

# Tallman To Head Legion at Galion

GALION—Garland Tallman was elected commander of Scarbrough Post of the American Legion at a meeting here Monday night. He succeeds Jack Trapp who presided for the annual meeting.

Other officers chosen to serve with Mr. Tallman are: first vice commander, Dean Dion; second vice commander, Frank Looker, sergeant-at-arms, Robert Danner; past commander, Jack Trapp; chaplain, Leslie Crissinger; adjutant, Junior Cronenwett; finance officer, Virgil Roesch; historian, John Striker.

Plans were made to send the Legion band to Columbus to participate in state Legion band competition, July 18-20.

The 36-pece band is directed by Donald Funk. Besides giving several concerts, the band has been appearing for various fetes, marching in all military and patriotic parades here and in others throughout the state, besides civic festivities. It also has traveled to state and district conventions and conferences.

# Bus Schedule Change Slated On Thursday

Two changes in the schedule of Greyhound buses leaving Marion for Toledo and Detroit were announced today by A. E. Smith, manager of the local Greyhound terminal.

The changes, to become effective Thursday, will be as follows: the northbound bus presently leaving Columbus at 11 p.m. and arriving in Marion at 12:34 a.m., will leave Columbus at 8:15 p.m. and arrive here at 9:38 p.m. And, the northbound trip now leaving Marion at 1:51 a.m. will depart at 1:46 a.m.

Mr. Smith said the changes are to eliminate a five-hour spread currently existing between 7:25 p.m. and 12:34 a.m. during which time no northbound bus leaves Marion.

All east-west schedules from Chicago to Pittsburgh remain the same, the manager noted, as do all departure times from Marion to Columbus.

As of Thursday, the complete northbound schedule of buses leaving Marion will be as follows: 1:46, 5:34 and 8:49 a.m.; and 12:49, 3:04, 5:46, 7:25 and 9:38 p.m.

## 'Retiring' at 107

CONCORD, N.C. (AP)—"Aunt" Pinky Gaines says she's retiring and heading for the beach, even though "I look like a fool wearin' them shawt britches." She made her plans when, at the age of 107, she received her first social security check through the efforts of friends who established her birthdate as 1851.

## Request Granted

DETROIT (AP) — Joseph W. Bobo, 22, was sentenced to 15 months to 4 years in prison at his own request. Bobo, who pleaded guilty to a shoplifting charge, asked to go to prison in order "to pull myself together and get some religion. Prison might do me some good."

# *County Begins Decorating of Jail Facilities*

A crew of decorators moved into the county jail this morning to begin the first facelifting job the aging structure has had in several years.

The work was authorized Monday when the county commissioners awarded a contract for painting and plastering work to James Brown Jr. of 118 E. Walnut St. on his proposal of $580.

Specifically called for in the contract is plastering and painting of the two women's cells and a bathroom on the second floor, two bedrooms on the second floor of the sheriff's residence and the kitchen ceiling.

The commissioners' action was based on recommendations from several grand juries during the last few years. Sheriff Glenn Obenour said he figures the women's cells haven't been painted in about 14 years. The last improvements to the main cell block on the first floor were accomplished about three years ago, the sheriff said.

In other business Monday, the commissioners approved a 5.69-acre plat for Augenstein's First Addition located south of U.S. Rt. 30-S on the west side of Pole Lane Rd. The plat, which lists 10 tracts for residential building, was submitted by Paul W. and Priscilla Augenstein.

# New York Stock Market

NEW YORK (AP) — The stock market continued its moderate decline early this afternoon. Leading issues were down fractions to about a point.

Selected issues advanced a point or so. Among them was American Motors which halted its decline and moved ahead, adding about a point. The stock had declined on word from financier Louis E. Wolfson to the effect he was liquidating his 400,000 shares. The stock rebounded following an announcement from an SEC official that a federal judge has signed an order restraining Wolfson from alleged further violations of the anti-fraud and manipulation provision of the securities exchange act of 1934.

The SEC official said Wolfson and associates were short more than 100,000 shares of the stock when a news item was published saying Wolfson was disposing of his shares. This would depress the market for the stock, the SEC official said.

Steels, rails oils, rubbers and most chemicals were off but there was little apparent selling pressure.

American Motors was the most active stock Monday when it lost ⅝.

Lorillard resumed upward, adding about a point. American Tobacco gained a major fraction. Vanadium Corp. slashed its dividend to 25 cents from 50 cents and the stock dropped about 2 points.

U.S. Steel's loss of about a point was about the worst among the leading stocks in its group. Bethlehem, Republic and Youngstown dropped fractions. Chrysler posted a small gain. General Motors and Ford lost a little ground.

Southern Railway fell a point or so and Santa Fe was down. International Nickel and American Smelting were down about a point. Du Pont and Caterpillar were other 1-point losers.

U.S. government bonds were firm in slow transactions.

# Tallman To Head Legion at Galion

GALION—Garland Tallman was elected commander of Scarbrough Post of the American Legion at a meeting here Monday night. He succeeds Jack Trapp who presided for the annual meeting.

Other officers chosen to serve with Mr. Tallman are: first vice commander, Dean Dion; second vice commander, Frank Looker, sergeant-at-arms, Robert Danner; past commander, Jack Trapp; chaplain, Leslie Crissinger; adjutant, Junior Cronenwett; finance officer, Virgil Roesch; historian, John Striker.

Plans were made to send the Legion band to Columbus to participate in state Legion band competition, July 18-20.

The 36-pece band is directed by Donald Funk. Besides giving several concerts, the band has been appearing for various fetes, marching in all military and patriotic parades here and in others throughout the state, besides civic festivities. It also has traveled to state and district conventions and conferences.

# Bus Schedule Change Slated On Thursday

Two changes in the schedule of Greyhound buses leaving Marion for Toledo and Detroit were announced today by A. E. Smith, manager of the local Greyhound terminal.

The changes, to become effective Thursday, will be as follows: the northbound bus presently leaving Columbus at 11 p.m. and arriving in Marion at 12:34 a.m., will leave Columbus at 8:15 p.m. and arrive here at 9:38 p.m. And, the northbound trip now leaving Marion at 1:51 a.m. will depart at 1:46 a.m.

Mr. Smith said the changes are to eliminate a five-hour spread currently existing between 7:25 p.m. and 12:34 a.m. during which time no northbound bus leaves Marion.

All east-west schedules from Chicago to Pittsburgh remain the same, the manager noted, as do all departure times from Marion to Columbus.

As of Thursday, the complete northbound schedule of buses leaving Marion will be as follows: 1:46, 5:34 and 8:49 a.m.; and 12:49, 3:04, 5:46, 7:25 and 9:38 p.m.

# 'Retiring' at 107

CONCORD, N.C. (AP)—"Aunt" Pinky Gaines says she's retiring and heading for the beach, even though "I look like a fool wearin' them shawt britches." She made her plans when, at the age of 107, she received her first social security check through the efforts of friends who established her birthdate as 1851.

# Request Granted

DETROIT (AP) — Joseph W. Bobo, 22, was sentenced to 15 months to 4 years in prison at his own request. Bobo, who pleaded guilty to a shoplifting charge, asked to go to prison in order "to pull myself together and get some religion. Prison might do me some good."

# *County Begins Decorating of Jail Facilities*

A crew of decorators moved into the county jail this morning to begin the first facelifting job the aging structure has had in several years.

The work was authorized Monday when the county commissioners awarded a contract for painting and plastering work to James Brown Jr. of 118 E. Walnut St. on his proposal of $580.

Specifically called for in the contract is plastering and painting of the two women's cells and a bathroom on the second floor, two bedrooms on the second floor of the sheriff's residence and the kitchen ceiling.

The commissioners' action was based on recommendations from several grand juries during the last few years. Sheriff Glenn Obenour said he figures the women's cells haven't been painted in about 14 years. The last improvements to the main cell block on the first floor were accomplished about three years ago, the sheriff said.

In other business Monday, the commissioners approved a 5.69-acre plat for Augenstein's First Addition located south of U.S. Rt. 30-S on the west side of Pole Lane Rd. The plat, which lists 10 tracts for residential building, was submitted by Paul W. and Priscilla Augenstein.

EXECUTOR'S SALE OF REAL ESTATE

Milo J. Hill, as Executor of the Last Will and Testament of Jessie M. Slagle, deceased, plaintiff vs. Reathie Clutter, et al, defendants Court of Common Pleas, Marion County, Ohio. Case No. 34152.

In pursuance of an order of the Court of Common Pleas of Marion County, Ohio, I will offer for sale at public auction on the 26th day of July, 1958, at 10:00 o'clock A.M. Eastern Standard Time, at the East door of the Court House, in Marion, Ohio, the following described real estate:

Tract 1

Situated in the Township of Scott, County of Marion and State of Ohio, to-wit:

Thirty-four and one-half (34.5) acres of land, lying on the east side of the Old Turnpike Road and out of the northwest quarter of section number 27, township number 4 south of range number 16 and more fully described as the property of John F. Kennedy, set off by the Commissioners in the estate of John Kennedy, deceased.

Tract 2

Township of Scott, County of Marion and State of Ohio:

Parcel 1. Situated in the Township of Scott, County of Marion, State of Ohio, to-wit: Being 12.63 acres of land in the northeast quarter of Section 28, Township 4 South, Range 16 East, more particularly described as follows: Beginning 55.31 chains east of the northwest corner of Section 28, Township 4 South, Range 16 East, at a stone in the center of road on section line; thence south 26.58 chains to a stone; thence east 4.75 chains to a stone; thence north 26.58 chains to a stone in the road on section line; thence west 4.75 chains to place of beginning containing 12.63 acres.

Also, situated in the Township of Scott, County and State aforesaid and bounded and described as follows: Being 18.92 acres of land in the northeast quarter of Section 28, Township 4 South, Range 16 East, and more particularly described as follows: Commencing 48.19 chains east of the northwest corner of Section 28, Township and Range aforesaid at a stone in section line; thence south 26.58 chains to a stone; thence east 7.12 chains to a stone; thence north 26.58 chains to a stone in section line; thence west on section line 7.12 chains to the place of beginning, containing 18.92 acres of land, being a part of the premises conveyed by will of Jacob Young to Agnus J. K. Young, which premises contained in the aggregate 31.55 acres.

Parcel 2. Situated in the Township of Scott, County of Marion and State of Ohio, to-wit: Commencing at a point in the north section line of Section 28, Township 4 South, Range 16 East, which point is 48.19 chains east of the northwest corner of said Section 28, and is at a stone; thence south 26.58 chains to a stone and place of beginning of the tract herein conveyed; thence south about 888 feet and 8 inches to the east and west line running through the center of said Section 28; thence east on said east and west line running through the center of said Section 28, 11.87 chains; thence north to a stone standing at the southeast corner of a certain 12.63 acre tract of land now owned by Burt O. Slagle, which stone is 26.58 chains south of the north line of said Section 28; thence west on the south line of lands owned by Burt O. Slagle, a distance of 11.87 chains to a stone, the place of beginning, containing 15.75 acres, more or less, but subject to all legal highways

Parcel 3. Situated in the Township of Scott, County of Marion and State of Ohio, to-wit: 37 acres off of the south side of the south half of the northeast quarter of Section 28, Township 4 South, Range 16 East, and off of the south side of the south half of the northwest quarter of Section 27, Township 4 South, Range 16 East, more particularly described as follows: 37 acres of land off the south end of a piece or parcel of land set off by the commissioners appointed on petition by the court in the estate of John Kennedy of Scott Township, Marion County, Ohio, deceased to Maria Kennedy, widow of said John Kennedy, deceased.

Also the following: Situated in the said Township of Scott, County and State aforesaid, and known as being 5.79 acres of land in the northeast quarter of Section 28, Township 4 South, Range 16 East and 52 acres of land in the northwest quarter of Section 27, Township 4 South, Range 16 East, more particularly described as follows: Starting for a commencing point at the northwest corner of Section 28, Township 4 South, Range 16 East; thence east on section line 48.19 chains to a stone; thence south 26.58 chains to a stone and place of beginning; thence south 1.90 chains to a stake; thence east 33.27 chains to the center of the mudpike (Columbus and Sandusky Turnpike); thence along the center of the mudpike 1.98 chains to a stone; thence west 33.70 chains to the place of beginning, containing 6.31 acres.

Excepting, however, the following tracts: The above lands described as Parcel 2, containing 15.75 acres, more or less.

Parcel 4. Situated in the Township of Scott, County of Marion and State of Ohio, to-wit: Being 16.75 acres in the northwest quarter of Section 27, Township 4 South, Range 16 East, and 36 acres in the northeast quarter of Section 28, Township 4 South, Range 16 East, more particularly described as follows: Commencing 60.06 chains east of the northwest corner of Section 28 aforesaid on the section line; thence south 26.58 chains to a stone in the center of Mudpike (Columbus and Sandusky Turnpike); thence along the center of Mudpike (Columbus and Sandusky Turnpike) 26.90 chains to a stone in section line; thence west on section line 27.56 chains to the place of beginning, containing 63.12 acres, more or less, containing in all 137.98 acres, more or less, but subject to all legal highways.

Subject to an easement to the Marion Rural Electric Cooperative, Inc., for the erection and maintenance of electric power lines.

Tract 3

Situated in the Township of Dallas, County of Crawford and State of Ohio: All that portion of lot No. 7 in location No. 1 in Section No. Ten (10), in Township Four (4) South of Range sixteen appropriated for the purpose of aiding the Columbus and Sandusky Turnpike Co. in the construction of a road which lies within the limits of the south half of the southeast quarter of the said Section ten, and four rods in width off the east end of the south half of the southwest quarter of said section ten, commencing at a point where the south line of said section intersects the center line of the Columbus and Sandusky Turnpike and running thence south 88 degrees west twenty-one and one-half (21.5) rods; thence north 2½ degrees west eighty and ten-hundredths (80.10) rods; thence north eighty-seven degrees and forty minutes east thirty-nine and ninety-hundredths (39.90) rods to the center line of the Columbus and Sandusky Turnpike Road and thence south eleven and five-tenths (11.5) degrees west on said center line to the place of beginning, containing fourteen and one-half (14½) acres.

Also, the southwest part of the southwest quarter of Section Ten in Township Four South, Range Sixteen, commencing at the southwest corner of said Section Ten and running thence north 2 degrees 10 minutes west one hundred and sixty (160) rods and eighty-four hundredths (.84) of a rod to the west quarter post of said section ten; thence north 88 degrees 5 minutes east seventy-eighth and twenty-four hundredths (78.24) rods; thence south 2½ degrees east eighty-two and twenty-four hundredths (82.24) rods; thence north 87 degrees 40 minutes east seventy-four (74) rods; thence south 2½ degrees east 80 rods and 10/100 of the rod; thence south 88 degrees west one hundred fifty-three and ninety-two hundredths (153.92) rods to the place of beginning, containing one hundred and sixteen and twenty-seven hundredths (116.27) acres.

Excepting, however, the following: Situated in the Townshhip of Dallas, County of Crawford and State of Ohio: A part of the southwest quarter of the southeast quarter of Section Ten (10), Township Four (4) south of Range Sixteen (16), and being more particularly described as follows: Beginning at the northwest corner of said southwest quarter of said southeast quarter and running thence north 87 degrees and 40 minutes east thirty-five and ninety-hundredths (35.90) rods (which point is the center line of the Columbus and Sandusky Turnpike); thence running south 11.15 degrees west (following the center line of said Columbus and Sandusky Turnpike) to the south line of said southwest quarter of said southeast quarter; thence west on the south line of said southwest quarter of said southeast quarter to the southwest corner of said southeast quarter, a distance of 17.5 rods; thence north (on the west line of said southwest quarter of said southeast quarter) 2.5 degrees east 80.10 rods, to the place of beginning, containing about 10.50 acres of land (being all that part of said southwest quarter of said southeast quarter of said Section 10 that lies west of the center line of said Columbus and Sandusky Turnpike), be the same more or less, but subject to all legal highways.

Also, the southeast quarter of the southwest quarter of Section Ten (10), Township Four (4) south of Range Sixteen (16), and being more particularly described as follows: Beginning at the northeast corner of said southeast quarter of said southwest quarter of said section 10; thence south 87 degrees and 40 minutes west, seventy-eight (78) rods; thence south on a line parallel to and with the east line of said southeast quarter of said southwest quarter of said section 10, to the south line of said southeast quarter of said southwest quarter 80.10 rods; thence east on and along said south line of said southeast quarter of said southwest quarter to the southeast corner of said southeast quarter of said southwest quarter of said section 10, a distance of 78 rods; thence north 2.5 degrees west (being on and along the east line of said southeast quarter of said southwest quarter) 80.1 rods to the northeast corner of said southwest quarter of said section 10, containing forty (40) acres of land, be the same more or less but subject to all legal highways.

Tract I is appraised at $13,500.00. Tract 2 at $27,500.00. Tract 3 at $10,000.00, and cannot be sold for less than two-thirds of the appraisement. Tracts 1 and 2 will be offered separately, and then as a whole, and will be sold to the highest bidder or bidders as determined by the totals of said bids according to which is highest. Tract 3 will be sold separately. Terms of sale, cash on delivery of deed. A deposit of 2% of the purchase price will be required on day of sale.

REX MORGAN, M.D. By Dal Curtis

YOU...YOU WANT ME BACK HOME, DON'T YOU, BRUCE?
WANT YOU, MARTHA? I WANT YOU MORE THAN EVER, MY DARLING!
THE CARRS ARE A VERY PROMINENT FAMILY, MARTHA! OUR JUDITH IS ABOUT TO MARRY THEIR ONLY SON! YOU AND I MUST MAKE SURE THAT NOTHING INTERFERES WITH THEIR PLANS!
OF COURSE, BRUCE!
THE CARRS HAVE NEVER KNOWN ABOUT YOUR ILLNESS, MARTHA! FRANKLY, I DON'T KNOW WHAT THEIR REACTION WOULD BE!
WOULDN'T IT BE BETTER IF YOU DIDN'T COME HOME UNTIL AFTER JUDITH AND WALTER CARR WERE MARRIED?

STEVE CANYON By Milton Caniff

ARCHIE By Montana

AND THE FELLA SAYS, "NO, I'LL EAT IT HERE"!
HA, HA! VERY FUNNY! TELL ANOTHER, MR. LODGE!
AH-HA!! EE-HEE! HEE-HEE!
SO THE ENGLISHMAN SAYS..... ARCHIE!! WAIT UNTIL I FINISH!
OOH! Hooo! Hooo-Hooo Hooo-EEE HEE-HEE HEEE!!
FOR PETE'S SAKE! IT WASN'T THAT FUNNY!
HE HEEE HAW HAW HAW I CAN'T HELP IT, SIR....
BOB MONTANA 6-24

GASOLINE ALLEY By Frank King

There's the answer, Nina. The weather vane points straight north.
It's my fourth choice, but that's the way we go—straight north.
6/24
Maybe I was goofy. I didn't think it would turn to north!
It was your idea, Skeezix. And north it is—regardless!
Couldn't we take another vote?
No, sir! We go north according to plan—and I do mean north!

JOE PALOOKA By Ham Fisher

...I N-NEED YOU, TYRONE, DARLING... BOO-HOO!
AH! SHE'S A PHONY, IT'S JUST A TRAP! WE HOID ENUFF...

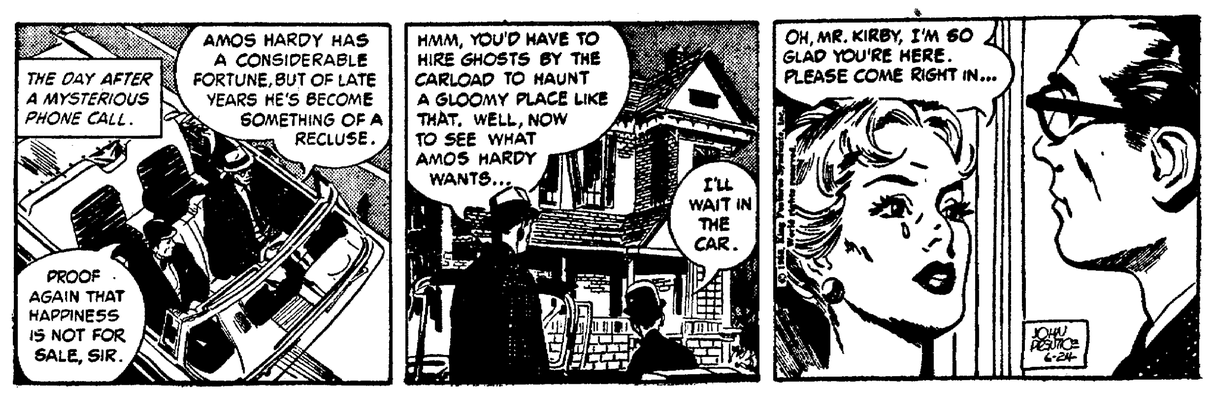
ANYTHING YOU SAY, MA'AM. IF YOU'LL JUST TELL ME WHAT THIS IS ALL ABOUT...
WITH DISTINCT PLEASURE! MY NAME IS JUDY PIKE. I AM EMPLOYED BY THE UNITED STATES GOVERNMENT.
I AM ASSIGNED TO THE FISHERMEN'S VILLAGE BEYOND YOUR RUNWAY. I AM SUPPOSED TO HELP THOSE POOR PEOPLE IMPROVE THEIR MISERABLE LOT...
...AN EFFORT WHICH I AM TIRED OF HAVING FRUSTRATED BY THIS NEST OF HOBNAIL-BOOTED MERCENARIES!

RIP KIRBY By John Prentice



THE DAY AFTER A MYSTERIOUS PHONE CALL.
AMOS HARDY HAS A CONSIDERABLE FORTUNE, BUT OF LATE YEARS HE'S BECOME SOMETHING OF A RECLUSE.
PROOF AGAIN THAT HAPPINESS IS NOT FOR SALE, SIR.
HMM, YOU'D HAVE TO HIRE GHOSTS BY THE CARLOAD TO HAUNT A GLOOMY PLACE LIKE THAT. WELL, NOW TO SEE WHAT AMOS HARDY WANTS...
I'LL WAIT IN THE CAR.
OH, MR. KIRBY, I'M SO GLAD YOU'RE HERE. PLEASE COME RIGHT IN...
